The City of Findlay Police Department has received a three thousand dollar (\$3,000.00) check from the Hancock County Health Department. This funding was from a state grant that the Health Department received related to drug overdose response and prevention. The original grant permitted the distribution of funds to partner agencies that cooperate with the Health Department on overdose responses. The funding will be used by the Police Department to purchase drug abuse prevention and drug overdose prevention materials for the Crime Prevention Office. Legislation to appropriate funds is requested. <u>Ordinance No. 2022-095 was created</u>.

This is now a routine request where Council has approved requesting the appropriation without going to committee each time. As part of the original appropriation for the Ohio Department of Transportation (ODOT) Aviation funding that was received for this referenced projects, a portion of the ODOT funding was appropriated to the wrong project. To ensure that everything is properly accounted and that the City will have the ability to close out the projects, a transfer of two thousand five hundred sixty-five dollars and thirty-one cents (\$2,565.31) from the Runway 7/25 Rehab Project to the Taxiway Rehab Design Project will need to be made. <u>Resolution No. 027-2022 was created</u>.

City Engineer Kalb – Municipal Bridge Inspection Program

The City of Findlay will be partnering with the Ohio Department of Transportation (ODOT) as part of the Municipal Bridge Inspection Program. The bridge inspection services are offered to any municipality in Ohio with bridge inspection responsibilities, as well as has a population of fifty thousand (50,000) or less. The inspection services are one hundred percent (100%) free to the City of Findlay with the only expectation ODOT has from the City of Findlay is cooperation. ODOT requires a timely implementation of the inspection recommendations for items such as placement of weight limits posting signs, closing the bridge if considered unsafe, or placement of riprap to protect against scour. All inspection recommendations are related to public safety. In years past, this has been a yearly program that the City of Findlay has participated in, therefore legislation is requested to renew the City of Findlay's involvement in the program offered by ODOT. Ordinance No. 2022-099 was created

Service-Safety Director Martin – liquid carbon dioxide purchase for 2023

The City of Findlay has begun the process for bidding the chemical/material/services that are done annually at this time. Requests for addendums to contracts have been sent to companies who are eligible to extend the contracts for calendar year 2023 at the same pricing as the original contract. The City of Findlay entered into a contract with Linde, Inc. for its liquid carbon dioxide purchases at a price of two hundred twenty-five dollars and no cents per ton (\$225.00/ton) for calendar year 2023 and 2024). Prices for liquid carbon dioxide have increased at an unprecedented rate over the past year and continue to rise. Linde, Inc. is not able to extend the contract at the same price, however, they have asked to be able to extend the contract for one year (calendar year 2023) offering a price increase to three hundred seventy-five dollars and no cents per ton (\$375.00/ton) vs. bidding it out at the average current market bid rate of five hundred dollars per ton (\$500.00/ton) or thirty-seven thousand five hundred dollars and no cents (\$37,500.00). Legislation authorizing the Service-Safety Director to extend the contract with Linde, Inc. for one year at the price of three hundred seventy-five dollars and no cents per ton (\$375.00/ton) for liquid carbon dioxide is requested. <u>Ordinance No. 2022-100 was created</u>.

Mayor Muryn - acquisition of Bank Street and East Hobart Street properties

During an executive session in August, Mayor Muryn informed City Council that the Bankruptcy Manager for Remington Arms had contacted her about their desire to sell the properties located at Bank Street and East Hobart Street. The City of Findlay has leased these properties since 1999 for baseball fields near Emory Adams Park. Following that discussion, she moved forward with negotiations as agreed upon. Legislation authorizing the Mayor to enter into a purchasing agreement for the purchase of two (2) parcels located on Bank Street and East Hobart Street as specified in the purchase agreement and as listed on the legislation for the purchase price of ninety thousand dollars (\$90,000.00) is requested. The agreement is in line with the previously discussed purchase price parameters and additional requests of an Environmental Phase I report, title insurance, and seller covering all closing costs. These fields are regularly used by City residents for baseball at various levels. Additionally, replacing these fields at a new location would be north of two hundred thousand dollars (\$200,000.00) which would not include any necessary land acquisition needed. Ordinance No. 2022-097 was created.

COMMITTEE REPORTS:

The PLANNING & ZONING COMMITTEE to whom was referred a request from Michael Stoner to vacate a portion of the east/west alley from South Blanchard Street to Graceland Avenue bounded between Lots 5391 and 5392 in the Leiser Addition. TO: Applicants for Street or alley Vacation FROM: Council Clerk

City law requires persons requesting the vacation of a street or alley to file a petition with City Council. Council then refers the request to the City Planning Commission and the Planning & Zoning Committee for their findings. These Committees file their report with Council, who in turn makes the final ruling on the request.

APPLICATION REQUIREMENTS

Petition forms are available in the Council Clerk's Office. It requires the signature of a majority of the property owners that abut the requested vacation. A plat of the area shall accompany the application indicating the street or alley to be vacated. This plat can be obtained from the City Engineer's Office.

In addition to the petition for an alley vacation being signed by the abutting property owners, which is notice, if said proposed alley vacation is less than the full alley running from street to street, either north and south or east and west as the case may be, then the Clerk will also send notices to the abutting property owners on that portion of the alley extended but not in the request for vacation. For example, if an alley runs from north to south from street A to street B, intersected by a east-west alley, and the request is to vacate the alley running from street A to the intersecting east-west alley, then the abutting property owners on the remaining portion of that north-south alley between street A and street B shall also receive notice of the petition to vacate from the Council Clerk. (Rules of Procedure, as amended, of Findlay City Council).

Ideally, the petition must be signed by all abutting property owners. If not, a Public Notice of Consideration to Vacate has to be advertised in the Courier for six consecutive weeks. The cost of the advertising shall be paid by the petitioner. Anyone wishing to address Council concerning the petition may do so as a result of the publication. This can occur at any of the three readings which Council must give an Ordinance that vacates right-of-way.

<u>FEE</u>

At the time of submitting the request to the Council Clerk, a \$75.00 non-refundable fee shall accompany the petition. This is to off-set some of the City's expenses. Upon adoption of legislation, applicable advertising and filing fees will be invoiced to the petitioner.

ASSESSMENTS

By law, if there were assessments to the abutting properties for improvements to the street or utilities, the petitioners are to pay the assessment fee for the property being vacated. These assessments, if any, are recorded in the City Engineer's Office. They are requested to be researched for the property upon legislation request. The petitioners will be invoiced for the total expense, and it must be paid before Council will vacate the street or alley.

PLANNING COMMISSION ACTION

Planning Commission action on vacation petitions will be in the form of a recommendation to City Council. Council may then either concur with the Commission's recommendation or override it. Concurring action may be accomplished with a simple majority vote, while overriding action requires a two-thirds (2/3) vote of Council. Notice of the Planning Commission Meeting will be sent from the Engineer's Office to the filer of the petition advising him/her when the request shall be heard.

COMMITTEE ACTION

This Committee's action will be in the form of a recommendation to City Council. Council may then either concur with the Committee's recommendation or override it. Action is a simple majority vote to concur or override the Committee report. Notice of the Planning & Zoning Committee Meeting will be sent by the Council Clerk to the petitioners advising them when the request shall be heard.

CITY COUNCIL ACTION

Once the petition is placed on Council's agenda, it will be referred to the City Planning Commission and the Committee with all documentation submitted. Both the City Planning

Commission and the Planning & Zoning Committee shall review the request. Upon their findings, Council will request legislation and give it three (3) separate readings if the vacation is to proceed.

In order to vacate a public right-of-way, City Council must adopt an ordinance doing so. Normally, legislation is prepared when the Planning & Zoning Committee recommends that an action be taken. However, appropriate legislation can be drawn at the request of any Council member, whether or not the vacation is supported by the Committee. Ordinances require three readings prior to adoption, and this normally occurs over the course of three consecutive meetings of Council.

A majority affirmative vote of at least five (5) members is necessary to enact a vacation ordinance. If Council disagrees with the Planning Commission's recommendation, it will take six (6) affirmative votes of members of Council to enact a vacation ordinance. The ordinance is not effective until at least 30 days after signing by the Mayor.

Petition for Zoning Amendment

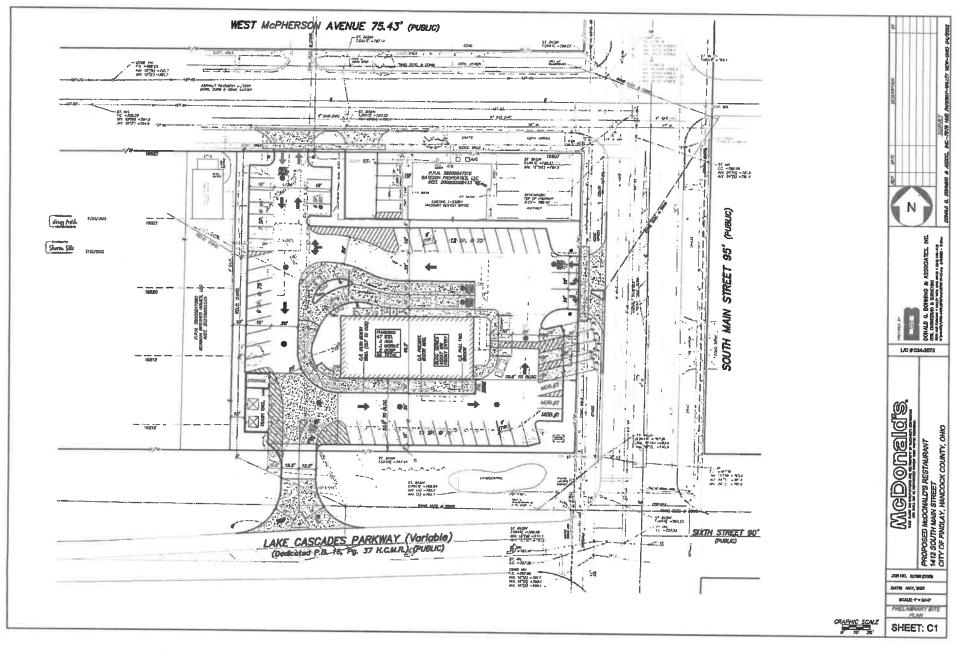

119 W. McPherson Avenue

Findlay, Ohio 45840

WRITTEN STATEMENT OF REASONS FOR THIS REQUEST AND JUSTIFICATION FOR THE ZONING CHANGE

This request is being made to the facilitate the redevelopment and reuse of 1412 S. Main Street from its current use as a bank to the proposed use as a restaurant. Additional land is necessary to appropriately accommodate the use as a restaurant and address ingress/egress and parking for the property located to the north at 1400 S. Main Street which is operated as the Angela B. Bateson DDS dentist's office and the proposed restaurant use. The land to be rezoning would be rezoned consistent with the existing C-1 zoning of 1412 S. Main Street which permits restaurant uses. A copy of the proposed site plan incorporating the property to be rezoned is attached.

This notice is sent to you in compliance with Section 4303.26 of the Ohio Revised Code and will serve as official notification of the filing of a permit application.

Depending on the applicant's business entity, enclosed please find a copy of the pending applicant's ownership disclosure form 4029 (Non Profit Entity Disclosure), Form 4030 (Stockholder Disclosure), Form 4031 (Partnership Disclosure), or Form 4032 (Limited Liability Company Disclosure) which lists those individuals who will have an interest in the above captioned permit.

In some instances, the Division will require a background check to be completed by your agency. If enclosed, please complete the Personal History Police Check(s), and return it/them in the enclosed postage paid envelope. If needed, we will submit the forms once received from the applicant at a later date for completion.

The chief police officer of each political subdivision may appear and testify in person or through a representative at any hearing held on the advisability of the issuance or transfer of a permit. However, Section 4303.26 O.R.C. DOES NOT give the police officer the right to request a hearing. If a hearing is desired, the chief police officer should contact the legislative authority (City or Village Council, or Board of County Commissioners, or Board of Township Trustees) and have that entity request a hearing.

The police department may submit any information to the Division relevant to the issuance or transfer of the permit, even if a formal hearing is not requested and conducted. This should be done by a separate letter with supporting documentation. The Division appreciates your statements and concerns regarding the pending application.

1. APPLICATION FOR SITE PLAN REVIEW #SP-20-2022 filed by the Humble Robinson for a new 100,000 square foot industrial building on parcel 210000077400 located at the SE corner of the intersection of E. Bigelow Avenue and Crystal Avenue.

CPC STAFF

General Information

This request is located at the southeast corner at the intersection of E. Bigelow Avenue and Crystal Avenue. To the north, south and east it is zoned I-1 Light Industrial. To the west, it is zoned R-2 Residential in Marion Township. It is not located within the 100-year floodplain.

Parcel History

This is currently vacant. There was a house located on Crystal Avenue that was removed from the site in 2021.

Staff Analysis

The applicant has requested to build a new 100,000 square foot warehouse on the site. The building be located on the eastern side of the parcel. The parking lot currently shows 10 parking spots and 65 feet by 125 feet reinforced concrete pad for truck delivery.

The building height was not indicated on the site plan. Staff would remind the applicant that the I-1 district standards allow buildings up to sixty feet. Otherwise, they meet the setbacks for the I-1 district.

Lighting was not indicated on the site plan. Staff would recommend the applicant that they should utilize pack lighting on the building to minimize any potential effects from the lighting.

Given that this is phase 1 of a multi-phase project, staff would like to see additional screening along Crystal Avenue. Level 2, Option 3 screening would be appropriate between industrial and residential uses. This would include:

- Five (5) canopy trees and five (5) evergreen trees and twenty (20) evergreen shrubs per one hundred lineal feet (100') of contiguous boundary with the conflicting zoning district or use.
- In addition, a six-foot (6') in-height fence, masonry wall, or landscape mound shall be installed.

Staff Recommendation

Staff recommends approval of APPLICATION FOR SITE PLAN REVIEW #SP-20-2022

filed by the Humble Robinson for a new 100,000 square foot industrial building on parcel 210000077400 located at the SE corner of the intersection of E. Bigelow Avenue and Crystal Avenue subject to the following conditions:

• Add Level 2, Option 3 screening along Crystal Avenue

ENGINEERING

Access -

Site will be accessed from a new curb cut that will be extended south into the site from Bigelow Avenue. The proposed plans also show an Emergency Access drive to come off Bigelow Avenue from the east side of the new building.

Water Service –

A new waterline will be extended onto the site from the existing 16-inch waterline that located on the north side of Bigelow Avenue.

Sanitary Service -

The site is proposing to run a new mainline off of an 18-inch main that is located on the west side of Crystal Avenue. The new sanitary will run along the north side of the property and tie into the west side of the building.

Stormwater Management -

The stormwater calculations that were submitted as part of the application, complies with the City of Findlay Standards. The stormwater will be directed to a new detention pond located on the northwest corner of the property.

MS4 Requirements -

The site will disturb more than one (1) acre so the applicant will eed to comply with the City of Findlay's Erosion & Sediment Control Ordinance.

Recommendations: Approval of the Site Plan

Board of Zoning Appeals August 11, 2022

Members present Chairman, Phil Rooney; Kerry Trombley; and Scott Brecheisen.

Mr. Rooney called the meeting to order at 6:00 p.m. and the general rules were reviewed.

The following was introduced by Mr. Erik Adkins:

Case Number: BZA-09-2022-62956 Address: 701 N. Main Street Zone: C-2 General Commercial

Filed by Juan Salinas, regarding a variance from section 1161.13.3(B) of the City of Findlay Zoning Ordinance for a new radio communication tower at 701 N. Main Street. The applicant is proposing to build a 60-foot high radio communication tower that will be 255-feet from the closest residential structure. This section requires the communication tower to be a minimum of 500-feet from the closest residential structure.

The site is currently a church and has a radio station that is operated from the facility. This property is uniquely situated within a neighborhood, and the radio communication tower may pose concerns from citizens located within the surrounding area. The section of the code, and the intention of the fall area is geared more around cellular communication towers, more so than 60-foot radio antennas.

The city does have concerns in regards of the local neighborhoods, and would love to abide by the code. However, the city will support whatever decision the Board of Zoning Appeals makes in regards to the request.

Mr. Juan Salinas, Pastor of Church of the Living God located at 701 N. Main St., was sworn in. He stated they opened a radio station here in Findlay in '07. They were at 338 N. Main Street and moved into the Washington School building. They then needed to move the tower. The University of Findlay needed a transmitter to help their security system so they helped each other by moving their transmitter to the University of Findlay. There are a few hang ups, like when their system goes down, the radio station goes down and the church does not have access to the building. The University of Findlay will be changing to a new internet streaming system which will also affect the church, so the church needs to move the antenna location to the 701 North Main Street address. This will eliminate a lot of problems that they are having right now.

Mr. Trombley asked where on the property would the antenna be located?

Pastor Salinas stated it would be located on the back-side; the East side of the building.

Mr. Rooney asked if the 'X' on the drawing is the location?

Pastor Salinas stated "yes". It can be located where ever the Board approves. He stated it has already been approved by the FCC. An environmental survey is included in the packet that was given to all of the Board members. He stated they have done all of their due-diligence.

Mr. Trombley asked for confirmation that it would be 255 feet from the nearest house?

Pastor Salinas stated they are allowed to go 180 feet without putting a light on it. If it falls, it would be within their property and not harm anybody.

Mr. Trombley stated being 60 feet tall, it would be the tallest thing in the area. Is there going to be screening around it?

Mr. Rooney stated it's the size of an old TV antenna.

\$

Conversation continued between Pastor Salinas and Mr. Trombley.

Mr. Trombley stated his concern is, even though this is a Commercial property, it is surrounded by residential properties, how is it going to look to neighbors and how is it going to fit in with the neighborhood?

Pastor Salinas stated he believed that not that long ago, Zoning allowed 50 feet towers.

Mr. Adkins stated that was before him. He stated he thinks the satellites right now are 30 feet or 40 feet.

Mr. Trombley asked if he looked at any alternatives that would be further away from the residence?

Pastor Salinas stated "No" they didn't.

Mr. Trombley asked if he reached out to any of the neighbors? Are there any screening requirements?

Mr. Adkins stated he did not think there are any screening requirements for this situation.

Mr. Brecheisen asked if there were any communications on this case.

Mr. Adkins stated there were one or two phone calls on this case, but he could not answer the questions about the radiation and health things, so he suggested they show up at the meeting to get the answers to their question; however, no-one showed up.

Mr. Trombley and Mr. Adkins had conversation about screening that is geared more toward cell towers and facility.

Mr. Rooney stated any screening would not hide it very well since it will be 60 feet tall.

Pastor Salinas stated the building is 38 feet tall and the antenna will be 20 feet above that.

Mr. Trombley and Pastor Salinas discussed the height of the antenna, broadcasting range, radiation and FCC approval.

Mr. Rooney stated it is not that big of a deal and there are a lot of Commercial structures in that area of Main Street and made a motion to approve the requested variance, with the conditions that it is to be placed no closer than 60 feet from the property line, can have no illumination and contingent on required permits be obtained within 60 days.

Mr. Brecheisen seconded the motion.

ħ

Motion to approve the requested variance, with the conditions that it is to be placed no closer than 60 feet from the property line, can have no illumination and contingent on required permits be obtained within 60 days, 3-0.

The following was introduced by Mr. Erik Adkins:

Case Number: BZA-10-2022-63053 Address: 909 Broad Avenue Zone: C-1 – Local Commercial

Filed by Darrin Karcher, regarding a variance from section 1133.04(A) and 1133.04(B) of the City of Findlay Zoning Ordinance for a new building at 909 Broad Avenue. The applicant is proposing to build a new 60 X 40 building that will replace the existing building. The new building is requesting to be constructed 5-feet from the side property line and 10-feet from the front yard setback. These sections require a 10-foot side yard setback and a 25-foot front yard setback from the property lines.

This address is the current location of the Old Stoney Bar, and the owner is looking to have an option to build a new building with similar setbacks as the existing structure. The existing structures location is within a foot or less from the Broad Avenue and Howard Street right-of-way's, so a new structure at the requested setbacks would be much more appealing to that area.

The city is not opposed to the request, and will support the Board of Zoning Appeals decision.

Mr. Darrin Karcher, owner of 909 Broad Avenue, was sworn in.

Mr. Rooney asked for clarification on the 60 feet x 40 feet building, the extra 15 feet toward Broad is it going to be a covered patio?

Mr. Karcher stated "yes". The building will not even encroach into the 25 feet, they were just hoping to have posts for a covered roof.

Mr. Trombley asked how big the current building is?

Mr. Karcher stated it is $20 \ge 60$ with a lean tube on the back – so $75 \ge 20$ maybe, total. It's a little bigger because they want to add a kitchen. The cost to save the current building would be a concern and would still need a variance to build on to the current building. A new building would be a more attractive option and it would get the current building off of the corner.

Mr. Rooney asked if there were any communications on this case.

Mr. Adkins stated there were no communications on this case.

Mr. Trombley stated it fits well with the area and is an improvement over the existing situation; therefore, made a motion to approve the requested variance, contingent on required permits be obtained within 60 days after CPC approval.

Mr. Brecheisen seconded the motion.

Motion to approve the requested variance, contingent on required permits be obtained within 60 days after CPC approval, 3-0.

The March 10, 2022 meeting minutes were tabled.

The April 14, 2022 meeting minutes were approved.

The May 12, 2022 meeting minutes were approved.

The July 14, 2022 meeting minutes were approved.

The meeting was adjourned.

Re: Appropriation of Funds

Rob,

The Police Department received a \$3,000.00 check from the Hancock County Health Department. This funding was from a state grant that the Health Department received related to drug overdose response and prevention. The original grant permitted the disbursement of funds to partner agencies that cooperate with the Health Department on overdose responses. The funding will be used by the Police Department to purchase drug abuse prevention and drug overdose prevention materials for the Crime Prevention Office.

I respectfully request the amount of \$3,000.00 be appropriated to the Police Department as follows:

FROM:	General Fund (HPH Drug Overdose Grant)	\$3,000.00
TO:	Police Department (21012000-other)	\$3,000.00

Thank you for your consideration in this matter. If you should have any further questions, please let me know.

Sincerely,

Chief Robert Ring

RE: AIP-27 Runway 7/25 Rehab (35293200) & AIP-27 Taxiway Rehab Design (35293400) Resolution to Transfer Funds

Dear Council Members,

As part of the original appropriation for the ODOT Aviation funding that was received for the above referenced projects, a portion of the ODOT funding was appropriated to the wrong project. To ensure that everything is properly accounted and so that we will have the ability to close out the projects a resolution will need to be made to transfer \$2,565.31 from the Runway 7/25 Rehab project to the Taxiway Rehab Design Project.

At this time I would like to have a resolution to transfer the \$2,565.31 from Project No. 35293200 to Project No. 35293400.

By copy of this letter, the Law Director is requested to prepare the necessary legislation to appropriate and transfer funds as follows:

FROM: AIP-27 Runway 7/25 Rehab Project No. 35293200

\$ 2,565.31

TO: AIP-27 Taxiway Rehab Design Project No. 35293400

\$ 2,565.31

If you have any questions, please feel free to contact myself or the Mayor.

Sincerely,

Jeremy Kalb City Engineer

RE: City Restroom Accessibility, Project No. 31925100

Dear Council Members,

On May 31st, the City of Findlay accepted Statement of Qualifications (SOQ) from architectural/ engineering firms to evaluate and assess City owned restroom facilities for ADA compliance. From the RFQ process RCM Architects has been selected to conduct the assessment for the facilities. RCM will be evaluating fifteen (15) restroom facilities throughout the City to identify conflicts with current accessibility requirements outlined in the American with Disabilities Act Accessibility Guidelines and the Ohio Building Code. Their proposal also includes the generation of recommendations to correct the deficiencies along with cost estimates.

By copy of this letter, the Law Director is requested to prepare the necessary legislation to appropriate and transfer funds as follows:

FROM: CIT Fund- Capital Improvements Restricted Account \$45,000

TO: City Restroom Accessibility, Project No. 31925100

\$ 45,000

If you have any questions, please feel free to contact me.

RE: Municipal Bridge Inspection Program

Dear Council Members,

The City of Findlay will be partnering with the Ohio Department of Transportation (ODOT) as part of the Municipal Bridge Inspection Program. The bridge inspection services are offered to any municipality in Ohio with bridge inspection responsibilities and has a population of 50,000 or less. The inspection services are 100% free to the City, and the only expectations ODOT has from the City is cooperation. ODOT expects timely implementation of the inspection recommendations for items such as, placement of weight limits posting signs, closing the bridge if considered unsafe, or placement of riprap to protect against scour. All inspection recommendations are related to public safety.

In years past this has been a yearly program that the City has participated in, this legislation will simply be renewing our involvement in the program offered by ODOT.

By copy of this letter, the Law Director is requested to prepare the necessary legislation that will authorize City Representatives to execute the necessary agreements for the Municipal Bridge Inspection Program that is offered by ODOT.

If you have any questions, please feel free to contact me.

Sincerely,

Jeremy Kalb City Engineer

Honorable City Council City of Findlay, Ohio

Dear Honorable Council Members:

The City of Findlay has begun the process for bidding the chemical/material/services that are done annually at this time. Requests for addendums to contracts have been sent to companies who are eligible to extend the contracts for calendar year 2023 at the same pricing as the original contract.

The City of Findlay entered into a contract with Linde, Inc. for its liquid carbon dioxide purchases at a price of \$225.00 per ton for calendar year 2022. They are eligible to extend the contract for two one-year extensions (calendar year 2023 and 2024).

Prices for liquid carbon dioxide have increased at an unprecedented rate over the past year and continue to rise. Linde, Inc. is not able to extend the contract at the same price. However, Linde, Inc. has asked to be able to extend the contract for one year (calendar year 2023) offering a price increase to \$375.00 per ton for calendar year 2023. If not acceptable, Linde, Inc. will participate in the bid process.

The City of Findlay purchases approximately 300 tons of liquid carbon dioxide each year. The savings of extending the contract with Linde, Inc. for one year (calendar year 2023) with a price increase to \$375.00 per ton vs. bidding it out at the average current market bid rate of \$500.00 per ton is \$37,500.00.

By copy of this letter, I am requesting the Director of Law to prepare the necessary legislation to authorize the Service-Safety Director to extend the contract with Linde, Inc. for one year at the price of \$375.00 per ton for liquid carbon dioxide.

Thank you for your consideration of this matter.

Sincerely,

Rob Martin Service-Safety Director

Paul E. Schmelzer, P.E., P.S. Safety Director

Honorable City Council City of Findlay, Ohio

Dear Honorable Council Members:

During an executive session in August, I informed you that the bankruptcy manager for Remington Arms had contacted me about their desire to sell the properties located at Bank Street and E. Hobart Street. The City of Findlay has leased these properties since 1999 for baseball fields near Emory Adams Park. Following our discussion, I moved forward with negotiations as agreed upon. At this time, I am requesting your approval to enter into a purchase agreement of parcels 59-0001010976 and 60-0000295030 for \$90,000. The agreement is in line with our previously discussed purchase price parameters and additional requests of an environmental phase I report, title insurance, and seller covering all closing costs.

As a reminder, these fields are regularly used by city residents for baseball at various levels. Additionally, replacing these fields at a new location would be north of \$200,000 not including any necessary land acquisition.

Please let me know if you have any additional questions on this topic. I appreciate your support in ensuring these fields continue to be available to the citizens of Findlay.

Sincerely,

Christin M. Muryn

Christina M. Muryn Mayor

<u>Roll Call</u>

New Items

- 1. Blanchard Street Alley Vacation (tabled)
 - Motion to remove from the table (Hellmann / Russel)
 - Motion approved (5-0)
 - FYI City Planning Commission recommend denial of this request at their August meeting
 - Hellmann distributed copies of the August CPC meeting notes to all members of the committee prior to the meeting
 - Hellmann recommended all members of the committee visit the alley prior to the meeting; all members indicated that they had done so
 - Hellmann explained his efforts and research on this issue since our August meeting
 - He believes that HRPC's summary in the August City Planning Commission packet does a good job explaining the issue
 - He does not believe it likely that vehicles 'zoom' down the alley
 - The request would disadvantage other property owners who abut the alley
 - He does not like the thought of creating a dead-end alley
 - For those reasons, Hellmann motioned to recommend denial of the vacation request to the full council; Slough seconded the motion
 - Frische stated that she is disappointed with the motion
 - She met with the applicant and said that this appears to be a neighborhood conflict
 - She stated that one of the three people who spoke against the request at the August City Planning Commission meeting it changed their minds and now supports the request; she did not mention if the other two property owners who spoke against the request at the August CPC had changed their minds
 - She says that she talked with many property owners on 5th & 6th Streets

Findlay City Council Planning & Zoning Committee Meeting Date: September 8, 2022

- Says our only concern should be safety
 - Slough asked Frische for clarification on her statement about safety
- She claims that most of the people she talked to are in favor of vacating part of the alley if they continue to have access to their property
- She stated her opinion that a recent vacation requested granted between Cherry and Walnut Streets is an example of a partial alley vacation
 - Much discussion ensued about this case and its relevance to this case with Hellmann and Cordonnier disagreeing the cases are similar
- She stated her opinion that an alley vacation granted in 2014 between Third and Fourth Street east of Park Street is also similar
- She stated that the one property owner who wants to put a garage off the alley would have to pave the unimproved portion of the alley which would be approximately 75% of the alley between a potential garage and Graceland Avenue
 - Russel agreed with this point, stating that it is an example of how the vacation being requested could economically disadvantage property owners on Fifth and Sixth Street because, in this case, the property owner would have to pave approximately 75% of the alley to Graceland instead of approximately 25% of the alley to Blanchard; Frische disagreed on this point
- Frische stated that vacations granted in the 1950s, along with the Third / Fourth Street vacations set a precedent
 - There was much discussion on this point with Cordonnier & Russel expressing their opinions that it did not set a precedent
- The applicant stated he would always allow access to the property owners on Fifth and Sixth Street
 - Russel said that once the alley is vacated, the owner can do with it as he pleases as could all future owners of the property
 - Russel restated his suggestion from the August meeting that a solution to this is for the applicant to execute an access agreement with all property owners abutting the alley that is tied to the property deeds and then, with all property owners in agreement, requesting vacation of the entire alley
 - There was much discussion about user access agreements
- The applicant stated that he would be economically disadvantaged if the alley was paved because of water issues at the intersection of the alley, his property and Blanchard
- Russel asked for any further comments and called for a vote on the motion
- Motion: recommend denial of the vacation request to the full council (Hellmann / Slough)
 - Motion approved 4-1 with Frische voting against
