

Agenda

NEW BUSINESS

1. Request of Lakeview Park Homeowners Association to discuss further safety measures for the intersection of County Road 236 and Lakeview Parkway with consideration of a four-way stop, street lights, or some other method to increase safety of the intersection.

Subject: RE: Traffic Commission

Kathy,

They have previously been before the traffic commission before. The City installed flashing pedestrian lights. They have continued concerns about pedestrian safety that crosses CR 236. They would like to discuss further options to make the intersection more safe for pedestrians.

They would like the City to consider a 4 way stop, street lights, or some other method to increase the safety of the intersection.

Hi Matt,

Will you please explain a little more of what they are wanting to discuss about the intersection?

Have a great day!
Kathy.
