This report is a snapshot report of the monthly statistics. This report may change based on the date it is printed.

1. This is the number of residents that were scheduled to start in the given month.
2. The total number of scheduled days started in the given month (may be served in future months).
3. The total number of days served in the given month.
4. These are the status counts for the cases that were started in the given month. Some cases that were started in the given month may not be currently counted as they are still active cases. A resident may also have multiple case completion statuses. An example would be John Doe serving 30 days for 2 cases, Case A for 15 days and Case B for another 15 days. After 16 days John Doe fails a drug test. He would successfully complete Case A but Unsuccessfully complete Case B.
5. The total number of scheduled residents that had to be rescheduled in the given month. This number should not be considered with completion status numbers.
