FINDLAY CITY COUNCIL MEETING AGENDA

REGULAR SESSION APRIL 7, 2020 COUNCIL CHAMBERS

ROLL CALL of 2020-2021 Councilmembers

ACCEPTANCE/CHANGES TO PREVIOUS CITY COUNCIL MEETING MINUTES:

Acceptance or changes to the March 3, 2020 Regular Session City Council meeting minutes.

ADD-ON/REPLACEMENT/REMOVAL FROM THE AGENDA: none

PROCLAMATIONS: none

RECOGNITION/RETIREMENT RESOLUTIONS: none

ORAL COMMUNICATIONS: none

PETITIONS:

Zoning amendment request - 701-708 Adams St/700-714 Putnam St

W. Anthony Scanlon on behalf of G & H Enterprises, LLC would like to change the zoning of 701-708 Adams Street/700-714 Putnam Street to R4 Duplex/Triplex High Density. It currently is zoned as M2 Multiple Family Residential District. Needs to be referred to City Planning Commission and Planning & Zoning Committee.

WRITTEN COMMUNICATIONS:

David Feldman, CEO Nickolas Asset Management, LLC - Argyle/City lot project

Mr. Feldman is providing his strong support for the Argyle/City lot project. In terms of growth, nothing is more important than attracting more residents to live in our city since many already make the commute every day. A vibrant downtown will only enhance the overall area. The income tax generated, future property tax generated and the robust infusion of discretionary spending into our downtown as a result, will benefit all in a win/win proposition.

Jim Heck - Argyle Lot

Mr. Heck would like to congratulate the City of Findlay for generating the interest of outside developers to invest in the downtown area. The end goal is to contribute to the success of downtown Findlay. In order to help the project along during the negotiations, there needs to be a guarantee to provide for the parking needs of the existing users of the parking lot. Existing property owners and tenants have made investments based on the current parking provided by the City. The City needs a "win-win" that will take care of the current users of the City lot plus the new proposed apartments. New development must not come at the expense of long-term property owners and tenants. As the downtown becomes busier, existing private parking lots could be used after business hours to alleviate on street parking demand. He would consider this with his private parking lots. The main goal should be to cooperate to make the downtown a success.

Dan Matheny, owner or Wine Merchant – Argyle project

Mr. Matheny was hired for his first and only teaching position in Findlay in 1976 when he was told that to criticize or suggest changes for Findlay would be highly inappropriate, until he had lived here a minimum of twenty-five (5) years. He has been in Findlay for forty-three (43) years now both as an educator and now as a local business owner where he has participated in discussions and has occasionally spoke to community interests, but today's question seems rather simple. The Argyle fire eight (8) years ago was devastating to many, most obviously to the residents, however for he and the Weavers, there was a serious question as to whether their buildings could remain as stand alones, thankfully, they have remained. Less than a week after the fire, he was asked to discuss the possibility of creating an in-build on what has become the Argyle lot. Those discussions have continued for over eight (8) years to no avail. Over the past several years, downtown Findlay has seen many investments by the public and private sectors that provide small business owners like Mr. Matheny the opportunity to be successful. Mr. Matheny is a neighbor of the proposed Argyle Development and is very supportive of the development as proposed to City Council by Mr. Oxley. The addition of downtown residents will continue to enhance the vibrancy of downtown Findlay. He is appreciative that City Council and Mr. Oxley are working together to ensure that public parking remains within the footprint of the project after it is completed. City Council has created an environment that allows this type of proposed development to be constructed.

Richard Kirk, CEO Kirk Corporation – Argyle project

Mr. Kirk believes that forefront of a vibrant community is the shaping and defining the character of downtown Findlay and providing opportunities to accommodate a wide variety of demographics. Public entities cannot put tax dollars at risk, therefore, communities are dependent on private investors who are willing to take on economic risk which will have a positive impact on Findlay's downtown revitalization. When private developers invest in downtown development, the long-term fiscal return benefits the community for many years to come. Some of those benefits include:

- A substantial increase in tax base
- An increase in property values for other downtown properties
- Inspiration to other private investors to invest in the downtown area
- Providing community support and stability to current downtown businesses
- Aesthetically improving the appearance of our downtown footprint

It would be remiss of community leaders to dismiss the proposed Argyle development. It is a legitimate development opportunity as proposed by the Elvis Oxley Group. The community has an economic obligation to support Mr. Oxley's proposal for development of that parcel. Mr. Oxley has a sincere and vested interest in downtown Findlay. His plan includes retail, office, residential space and parking, all of which are so desperately needed and desired by the citizens of Findlay and Hancock County. Thriving communities have thriving downtowns. Mr. Kirk is encouraged by the talent and enthusiasm brought forth by Mr. Oxley's Group and believes the Argyle development will give a substantial economic boost to the City of Findlay.

John Drymon, Reverend of Trinity Episcopal Church – Argyle project

Rev. Drymon is unsure if the third (3rd) reading of Ordinance No. 2020-027 will take place on Tuesday, March 17, 2020 due to the COVID-19 pandemic, but wanted to voice his concerns publicly. This week, City Council will be copied on a letter addressed to Law Director Rasmussen from the Bishop of Ohio describing the legal status of their Trinity Parish and explaining the fact that the Diocese of Ohio holds a one hundred percent (100%) beneficial interest in all properties under Trinity, Findlay's title. The diocese itself holds this interest in trust for the Protestant Episcopal Church in the United States of America. The Bishop's letter is being sent at the request of their Diocese and Chancellor and Canon to the Ordinary, Mr. William Powel, Chief Legal Counsel, for the Diocese and Assistant Chancellor Ms. Amy Kellogg, partner in the firm of Baker and Hostetler. Rev. Drymon has been in regular contact with both of those Diocesan Attorneys over the last several weeks acquainting them with this situation.

There are also several issues that are of concern to the Diocesan Attorneys, as well as to his parishioners and to Rev. Drymon. While they do not want to be obstructionist, they insist on due diligence with respect to the issues they have raised both at City Council meetings, and in email communications with Councilmembers. Their issues of concerns are:

- Compliance with Ohio Revised Code 723.121 concerning the conveyance of "lands not needed for municipal purposes:
 which requires City Council to make and enter into the minutes a formal determination that the property is no longer
 needed before it may be conveyed. City Council must take such action with respect to the City parking lot before it
 may take action on Ordinance No. 2020-027.
- 2. Compliance with the City of Findlay Codified Ordinance Chapter 147 which legally requires the Municipal Parking Authority to make quarterly reports to City Council on parking needs and parking lot use. After making a public records request for recent City of Findlay Parking Authority reports, they were informed that the parking authority has not met since 2011, so there are not quarterly reports. City Council needs a report from the Parking Authority assessing the need for the parking lot before making a determination that the parking lot is not needed.
- 3. Compliance with the restrictions on the deed is needed which donated the property to the City and that requires the City of Findlay to offer the successor or assigns of Kirk Realty a repurchase option of the lot at \$13,500 before the City may legally alienate it. Rev. Drymon has fielded a number of calls over the last several days from concerned local realtors (none of whom are his parishioners) offering to help pay for advertisements to try to track down any individual(s)/corporations that may have recourse to this legal right and may have standing should they decide either to claim it or bring suit against the City should they not be given explicit public notice.
- 4. Compliance with ORC 121.22, namely that the ordinance being left off the publicly available agenda for the meeting where it received its first reading, might render the first reading out of order under the Ohio Open Meetings Act. Those in the parish now know that this was an oversight and they commend Councilman Russel for his apology at the last meeting. They cannot, however, keep their Diocesan Attorneys from bringing it up should they choose to do so.
- 5. The need for formal recognition of an alley on the east side of the Trinity, Findlay building, between the church property and the existing parking lot which requires a new City Ordinance. They ask City Council to take action on the creation of the alley before any conveyance of the parking lot.

- 6. The need for written assurance, binding on the Blanchard Valley Port Authority or the ultimate private developer, stipulating church access to parking for Sunday services and other church events such as weddings or funerals on other days of the week. They ask City Council to include this stipulation in any agreement to convey the property.
- 7. The need for written assurance, binding on the Blanchard Valley Port Authority or the ultimate private developer, promising that the east side of their facilities will be cleaned, and if necessary, repaired after any construction in the parking lot. They ask City Council to include this stipulation in any agreement to convey the property.

Semro Henry & Barga Ltd. Attorney Jeffrey Stopar – Ordinance No. 2020-026

Mr. Stopar has been asked by Mayor Muryn and Law Director Rasmussen for his legal opinion regarding the legality of the proposed amendments to the Findlay Zoning Code on duplexes and triplexes. He has no concerns regarding the legality of the proposed text amendment and the proposed map amendment.

Mr. Stopar's background includes: fifteen years of practice in the area of local government litigation, zoning and land use, and constitutional law. He has presented to the Ohio Township Association and the Ohio Planning Association on multiple occasions. He has presented to both local governments and private entities in zoning matters, so he is capable of viewing land use issues from both the governmental and private perspectives. He has performed legal work on a variety of zoning-related matters involving extensive consultation with Hancock Regional Planning Commission Director Matt Cordonnier, as well as Law Director Don Rasmussen since 2017, recently meeting with them in October and November of 2019 where he provided input on legal issues raised by duplexes and triplexes in the City. He has reviewed the proposed changes via Ordinance No. 2020-026, as well as the proposed map amendment, and is offering the following opinions:

- The ordinance changes the setbacks for new construction in R1, R2, and R3. They are designed to make the front yard setbacks for new construction harmonious with the adjacent lots. It is an appropriate and standard land use planning device that has no legal problems.
- The proposed ordinance makes duplexes and triplexes conditional use in the R3 District. That change does not prohibit duplexes or triplexes in any district in which they are permitted. Under current law, the only district in which duplexes and triplexes are permitted, either as of right or conditionally, is the R4 District in which they are permitted used (see section 1124.02 of the Findlay Codified Ordinances). He has no concerns making duplexes and triplexes conditional uses in the R3 District.
- Duplexes and triplexes are not currently permitted in R1, R2, or R3 Districts, therefore, any existing duplexes/triplexes
 must be nonconforming uses in order to be legal (see Chapter 1162 of the Findlay Codified Ordinances). A conditional
 use permit is a preferred use to a non-conforming use because once a landowner has a conditional use permit, that use
 is permitted subject to its express conditions (see Sections 1161.15 and 1151.151 of the Findlay Codified Ordinances).

Basic law for non-conforming uses has been well established for decades:

Non-conforming uses, like common-law marriages, are not favorites of the law. The reason for their disfavored position is clear: if the segregation of buildings and uses, which is the function of zoning, is valid because of the beneficial results which this brings to the community, to the extent this segregation is not carried out, the value of zoning is diminished and the public is thereby harmed. Non-conforming uses are allowed to exist merely because of the harshness of and the constitutional prohibition against the immediate termination of a use which was legal when the zoning ordinance was enacted. Young, The Regulation and Removal of Nonconforming Uses (1961), 12 Western Res.L.Rev. 681, 686 (hereinafter "Young"). The rights of a non-conforming user are limited, and the clear intent and purpose is to eliminate such non-conforming uses as rapidly as possible. See Curtiss v. Cleveland, supra, 170 Ohio St. at 130-131, 10 O.O.2d at 87, 163 N.E.2d at 685.

City of Kettering v. Lamar Outdoor Advert., Inc., 38 Ohio App. 3d 16, 18, 525 N.E.2nd 836, 839 (1987). See, also Ledford v, Bd. of Zoning Appeals, 171 Ohio App.3d 24, 32. Nonconforming uses "may be regulated, and even girded to the point that they wither and die." City of Columbus v. Union Cemetery Assn., 45 Ohio St.2d 47, 49 (1976).

Based on the foregoing limitations on nonconforming uses, and the significant power cities have to regulate and eliminate them, it is a benefit to any existing duplex/triplex owner to have the zoning designation changed to allow duplexes and triplexes as conditional uses.

Some concerns have been raised suggesting that there may be civil rights issues regarding zoning Ordinance No. 2020-026 and the proposed zoning map amendment. It is unclear how allowing duplexes/triplexes as conditional uses, rather than nonconforming uses, raises a constitutional concern, either under the U.S. or Ohio Constitutions. Zoning has been approved repeatedly by the U.S. Supreme Court and the Ohio Supreme Court. See *Village of Euclid v. Amber Realty*, (1926), 272 U.S. 365, 395 (a landowner must prove that the zoning regulation was "clearly arbitrary and unreasonable, having no substantial relation to the public health, safety, morals or general welfare.") and *Goldberg Cos. V. Richmond Hts.* (1998), 81 Ohio St.3d 207, 210. Moreover, the burden is on the landowner to demonstrate a constitutional claim "beyond fair debate," which is similar to the "beyond reasonable doubt standard" in criminal cases. *Goldberg*, 81 Ohio St.3d at 213; and *Cent. Motors Corp. v. Pepper Pike*, 73 Ohio St.3d 81, 584 (1995). In sum, neither the proposed text nor map amendments give rise to a viable constitutional claim.

Moreover, to the extent that an owner of a duplex/triplex wants to continue as a non-conforming use, rather than a conditional use, it should be remembered that the burden is on the property owner to show that there is a valid non-conforming use of the property. See *Barnes v. Koon*, 5th Dist. No. 08-CA-14, 2009-Ohio-277, at ¶ 17, citing Dublin v. Finkes, 83 Ohio App.3d 687, 690 (1983); and State ex rel. Bailey v. Madison, 10th Dist. No. 12AP-284, 2012-Ohio-4950 at ¶ 15, citing State v. Teachout, 11th Dist. No. 2004-T-0129, 2005-Ohio-05119, at ¶ 13. Thus, once the City's records demonstrate that no duplex/triplex was lawfully established on a specific zoning lot, then that owner would be at risk for future enforcement for an unlawful use. The City, however, should be receptive to any valid documentation that would establish a valid non-conforming use.

His experience as an attorney practicing in land use and eminent domain law, he has relied on appraisers in both administrative and court proceedings. Based on those discussions, form a valuation standpoint, once a property has received a permit as a permitted use or a conditionally permitted use, that permit is far preferable to a non-conforming use because of the limitations placed on expanding or remodeling a non-conforming use. Based on his land use litigation experience, when the highest and best use of a lot is a duplex/triplex, and approved conditional use generally enhances value more than a non-conforming use.

The proposed zoning text and map amendments do not raise any legal concerns.

Elvis Oxley, Oxley Consulting, LLC - Argyle update

As a follow up to his conversation with Mayor Muryn on Wednesday, April 1, 2020, as well as the conversations the three (3) partners have had together, as well as with their finances and real estate network, Mr. Oxley is requesting that the sale of Cityowned parking lot Ordinance No. 2020-027 be tabled due to our nation in a pandemic crisis and with the tenuous economic conditions at hand that could become grim in the near future. There have been well over one hundred (100) conversations with bankers, lenders, and private investors over the past week, most of which have indicated a stoppage of investment in new projects and several noted they were cutting real estate valuations by thirty percent (30%) across the board on properties they had already invested in and across the U.S. market in general. While they will not be investing in the City lot at this time, they would like to be considered first in line when this situation begins to clear up.

REPORTS OF MUNICIPAL OFFICERS AND MUNICIPAL DEPARTMENTS:

City Income Tax Monthly Collection Report – February and March 2020.

Officer/Shareholders Disclosure Form from the Ohio Department of Commerce Division of Liquor Control for Chalky Billiards LLC, dba Chalkys & Patio & Fenced Area, located at 1851 Tiffin Avenue, Findlay, Ohio for a D5 and D6 liquor permit. This requires a vote of Council.

John E. Dunbar, Chief of Police – Chalky Billiards LLC, dba Chalkys & Patio & Fenced Area, located at 1851 Tiffin Avenue, Findlay, Ohio. A check of the records shows no criminal record on the following:

Ken Caligiuri

Findlay Fire Department Activities Report – February 2020.

Design Review Board agenda – March 11, 2020; minutes – February 12, 2020.

Service Director/Acting City Engineer Thomas - 2020 CUBE parking lot repairs #31900300

By authorization of Ordinance No. 2020-006, a bid opening was held for this project on February 19, 2020. Bids were received from six (6) potential contractors with the base bid amounts ranging from \$108,892.45 to \$123,730.75. The lowest and best bid was received from M&B Asphalt Co. Inc. of Tiffin, Ohio. This project is included in the 2020 Capital Improvements Plan with an estimate cost of \$150,000.00. \$1,000 was previously appropriated to this project. An additional appropriation for construction, inspection, and contingency is now needed to complete the project. Legislation to transfer and appropriate funds is requested. Ordinance No. 2020-036 received its first reading during the 3/31/20 Special Session City Council meeting.

\$ 132,000.00 CIT Fund – Capital Improvements Restricted Account

TO: \$ 132,000.00 2020 CUBE Parking Lot Repairs #3190300

Service Director/Acting City Engineer Thomas - CR 180 drainage plan #35594100

This County project is to install an additional storm sewer that will run along County Road 180, cross State Route 568, and outlet into the Blanchard River which will reduce the stormwater that crosses State Route 568 and County Road 180 so that those roadways will be able to remain open during larger flood events. Per the Memorandum of Understanding that was signed, the City is responsible for bidding the project and providing inspection during construction while the County will pay all design and construction costs. The City has received a check from the County Commissioners for the construction costs and now the funds need to be moved into the project so that contracts can be signed and the project can start. Legislation to transfer and appropriate funds is requested. Ordinance No. 2020-037 received its first reading during the 3/31/20 Special Session City Council meeting. Ordinance No. 2019-077 was adopted during the 10/1/19 City Council meeting to appropriate and transfer \$1,000 for bidding of this project.

FROM: Hancock County Commissioners \$89,916.00

TO: County Road 180 Drainage Plan #35594100 \$89,916.00

Service Director/Acting City Engineer Thomas - fourth Capital Improvement Appropriation

The equipment list and projects for the fourth Capital Improvement allocation of the year is attached. Legislation authorizing the Service Director to advertise for bids and enter into contracts for construction and to appropriate and transfer funds is requested. Ordinance No. 2020-038 received its first reading during the 3/31/20 Special Session City Council meeting.

FROM:	CIT Fund – Capital Improvements Restricted Account	\$119,000.00
TO:	Police #21012000-other	\$ 56,000.00
TO:	Park Maintenance #21034000-other	\$ 46,000.00
TO:	Streets #22040000-other	\$ 17,000.00
FROM: TO:	CIT Fund – Capital Improvements Restricted Account Logan Avenue Phase 3 #32894300	\$ 20,000.00 \$ 20,000.00
FROM: TO:	Sewer Fund WPC Clarifier 3 & 4 Rehab #35601300	\$ 40,000.00 \$ 20,000.00

TO: Blue Bonnet and Bittersweet \$ 20,000.00

Sanitary Sewer Improvements #35601200

Treasurer's Reconciliation Report – February 29, 2020.

Board of Zoning Appeals minutes - November 14, 2019.

Service Director/Acting City Engineer Thomas - Olive Street Waterline Replacement #35793300

A bid opening was held for this project on March 4, 2020. Bids were received from two (2) potential contractors with bid amounts ranging from \$421,000.00 to \$430,826.10. The lowest and best bid was received from Helms and Sons Excavating, LLC of Findlay, Ohio. This project is included in the 2020 Capital Improvements Plan. An appropriation of funds for construction, inspection and contingency is needed to complete the project. Legislation to accept bid results, authorizing the Service Director to enter into a contract or contracts, and to appropriate funds is requested. Ordinance No. 2020-040 was created.

FROM: Water Fund \$ 420,145.00

TO: Olive Street Waterline Replacement *Project No. 35793300* \$ 420,145.00

Service Director/Acting City Engineer Thomas – Sixth Street Waterline Replacement #35795300

By authorization of Ordinance No. 2020-006, a bid opening was held for this project on March 11, 2020. Bids were received from four (4) potential contractors with bid amounts ranging from \$477,982.50 to \$543,465.10. The lowest and best bid was received from JDR Excavating, Inc. of Findlay, Ohio. The project is included in the 2020 Capital Improvements Plan. The bid price is slightly higher than what is listed in the Capital Plan. It was decided that since the project would require a bore under the railroad, it made sense to install a larger line for the bore. This will eliminate the need for any additional bores in the future when the Water Department wants to extend a larger line from Blanchard Street to serve the area west of the railroad. The cost of the actual railroad permit for the waterline boring also came in higher than expected (\$19,350.00). \$1,000 was previously appropriated to the project for design and startup. An appropriation of funds is needed at this time for construction, inspection, and contingency in order to complete the project. Legislation to appropriate funds is requested. Ordinance No. 2020-041 was created. Ordinance No. 2020-041 was created. Ordinance No. 2020-040 was adopted during on 01/07/2020 appropriating and transferring \$1,000 for bidding.

FROM: Water Fund \$ 554,430.00

TO: Sixth Street Waterline Replacement *Project No. 35795300* \$ 554,430.00

Service Director/Acting City Engineer Thomas - Rehabilitate Taxiway A (Taxiway A4 to A6) Project No. 35293400

The consultant is finalizing the construction drawings for this project. Legislation authorizing the Service Director to bid the project and enter into a contract or contracts is requested. <u>Ordinance No. 2020-043 was created</u>.

City Planning Commission agenda – April 9, 2020; minutes – March 12, 2020.

Precipitation and Reservoir levels report – first (1st) quarter January-March 2020.

Mayor Muryn - Hancock County Commissioners' share of advertising cost for 2020 Census

The City of Findlay received five thousand dollars (\$5,000.00) from the Hancock County Commissioners to go toward shared advertising cost for the 2020 Census. The funds have been deposited in the General Fund. Legislation to appropriate funds is requested. Ordinance No. 2020-044 was created.

FROM: General Fund \$ 5,000.00

TO: Mayor's Office #21002000-other \$ 5,000.00

COMMITTEE REPORTS:

The WATER AND SEWER COMMITTEE met on March 11, 2020 to discuss a rotary waiver for 708 Milton Street.

We recommend a reduction in the rotary fee of 50% bringing it to \$880. Legislation will be available at a future City Council meeting.

The WATER AND SEWER COMMITTEE met on March 11, 2020 to discuss updates to the rotary policy.

We recommend that more discussion is needed on these updates to the rotary policy.

The **WATER AND SEWER COMMITTEE** met on March 11, 2020 to continue September 17, 2019 and March 13, 2019 discussions on water and sewer billing software upgrades.

We received an update on the project and when updated information is available, it will be presented at that time.

The **WATER AND SEWER COMMITTEE** met on March 11, 2020 to discuss updates to the water meters and transmitter project. *We received an update on the project and will receive more information in future.*

The **PLANNING & ZONING COMMITTEE** to whom was referred a request from BFB Properties LLC Brad Brogan to rezone 229 Howard Street from R2 Single Family Medium Density Commercial to R4 Duplex/Triplex.

We recommend approval to R4 from R2 as requested. Ordinance No. 2020-039 was created.

PETITION FOR ZONING AMENDMENT

TO THE COUNCIL OF THE CITY OF FINDLAY, STATE OF OHIO:

We, the undersigned owner(s) of the following legally described property, hereby request consideration of a change in zoning district classification as specified below:

701-807 Adams Street

Portz Addition

ADDRESS 700-714 Putnam Street SUBDIVISION Jones & Adams Addition 1889, 1891, 1891, 1892, 1893, 1894, Portz Addition

LOT No.(s) 1369, 1370, 1371,1372,1373, 1374,1375, 1376, Jones & Adams Addition

If a rezoning request involves more than one parcel, City Code requires that the petition be signed by the owners of at least fifty per cent (50%) of the frontage of the lots under consideration. If applicable, owners must fill in the following section:

SIGNATURE	SUBDIVISION	LOT NO.	STREET FRONTAGE
	Portz Addition	1889-1894	300'
	Jones & Adams Add.	1369-1376	400'
A			
			

IF NOT LOCATED IN A RECORDED SUBDIVISION, ATTACH LEGAL DESCRIPTION

EXISTING USE Vacant Lot (former school site)

PRESENT ZONING DISTRICT M-2 Multiple Family Residential District

PROPOSED ZONING DISTRICT R-4 Duplex/Triplex High Density Residential District

ATTACH:

- a. Vicinity map showing property lines, streets, and existing and proposed zoning.
- b. List of all property owners <u>within, contiguous to, and directly across the</u> <u>street from the proposed rezoning.</u>

NOTE: COMPLIANCE WITH ABOVE REQUIREMENT IS EXTREMELY IMPORTANT. FAILURE TO NOTIFY ANY PROPERTY OWNER FALLING WITHIN THIS CRITERIA WILL POSSIBLY INVALIDATE THE REZONING ORDINANCE PASSED AS A RESULT OF THIS PETITION.

c. A written statement of the reason for the request and justification for the change. to allow check construction on individual

d. If the area to be re-zoned is a portion of a parcel, a survey must be done for the portion to be changed and it must be recorded as a new parcel at the County Recorder's office

Mr. John Harrington President of Findlay City Council 318 Dorney Plaza Findlay, OH 45840

Dear Mr. Harrington and City Council members,

I would like to make you and City council aware of my strong support for the Argyle/city lot project. In terms of growth, nothing is more important than attracting more residents to live in our city since many already make the commute every day.

A vibrant downtown will only enhance the overall area. The income tax generated, future property tax generated and the robust infusion of discretionary spending into our downtown as a result, will benefit all in a win/win proposition.

Best regards,

David Feldman

I would like to congratulate the city of Findlay for generating the interest of outside developers to invest in the downtown area. I think we can all agree that the end goal is to contribute to the success of Downtown Findlay.

I also believe that in the negotiations to help the project along, there needs to be a guarantee to provide for the parking needs of the existing users of the parking lot. Existing property owners and tenants have made investments based on the current parking provided by the city.

We need a "win-win" that will take care of the current users of the city lot plus the new proposed apartments. New development must not come at the expense of longterm property owners and tenants.

As the downtown becomes busier, I think existing private parking lots could be used after business hours to alleviate on street parking demand. I, for one, would certainly consider this with my private parking lots.

I think we can all agree that our main goal should be to cooperate to make the downtown a success.

Sincerely, Jim Heck

March 7, 2020

Mr. John Harrington President of Findlay City Council 318 Dorney Plaza Findlay, OH 45840

President Harrington and City Council members,

In 1976 when being hired for my first and only teaching position here in Findlay I was told that to criticize or suggest changes for Findlay would be highly inappropriate, until I had lived here a minimum of twenty-five years. I've now been here for forty-three... Both as an educator and now as a local business owner I have participated in discussions and occasionally spoken to community interests but todays question seems rather simple.

The Argyle fire eight years ago was devastating to many, most obviously to the residents however for both myself and the Weavers there was a serious question as to whether our buildings could remain as stand alones. Thankfully they have remained. No less than a week after the fire I was asked to breakfast to discuss the possibility of creating an in-build on what has become the Argyle lot. For over eight years these discussions have continued and as of yet to no avail.

Over the past several years Downtown Findlay has seen many investments by the public and private sectors that provide small business owners like myself the opportunity to be successful. As a neighbor of the proposed Argyle Development I am very supportive of the development as proposed by Mr. Oxley to City Council.

The addition of downtown residents will continue to enhance the vibrancy of downtown Findlay. I appreciate that Council and Mr. Oxley are working together to insure that public parking remains within the footprint of the project after it is completed. City Council has created an environment that allows this type of proposed development to be constructed. Thank you for continuing to invest in a downtown that many communities are envious of.

Sincerely,

Dan Matheny Owner, Wine Merchant 540 S Main Street Findlay, OH 45840

Cc; Mayor Muryn

March 13, 2020

John Harrington President, Findlay City Council 218 Dorney Plaza Findlay, Ohio 45840

Dear Mr. Harrington,

As you know, shaping and defining the character of downtown Findlay and providing opportunities to accommodate a wide variety of demographics is at the forefront of a vibrant community.

Public entities cannot put tax dollars at risk; therefore, communities are dependent on private investors who are willing to take on economic risk which will have a positive impact on Findlay's downtown revitalization. When private developers invest in downtown development, the long-term fiscal return benefits the community for many years to come. Some of those benefits include

- a substantial increase in tax base,
- an increase in property values for other downtown properties,
- inspiration to other private investors to invest in the downtown area,
- · providing community support and stability to current downtown businesses and
- aesthetically improving the appearance of our downtown footprint.

Regarding the proposed Argyle development, it would be remiss of community leaders to dismiss such a legitimate development opportunity as proposed by the Elvis Oxley group. We believe the community has an economic obligation to support Mr. Oxley's proposal for development of that parcel. We feel Mr. Oxley has a sincere and vested interest in downtown Findlay. His plan includes retail, office, residential space and parking, all of which are so desperately needed and desired by the citizens of Findlay and Hancock County.

Thriving communities have thriving downtowns. I am encouraged by the talent and enthusiasm brought forth by Mr. Oxley's group and believe the Argyle development will give a substantial economic boost to the city of Findlay.

Therefore, we whole heartedly support Mr. Oxley's proposed Argyle development.

Sincerely,

Richard Kirk CEO Kirk Corp.

Property Concerns

Security Checkpoint: External Email! Do not click on links or open attachments unless you trust the source and know the content is safe.

Dear Members of Council,

I hope during this time of infection-related anxiety you and yours are faring well and bearing up. I write as a matter of courtesy, not knowing whether or not the next city council meeting and the scheduled third reading of 2020-027 will take place on Tuesday, March 17, but with confidence that the following will be made public regardless. This week you will copied on a letter addressed to Law Director Rasumssen from the Bishop of Ohio describing the legal status of our Trinity Parish and explaining the fact that the Diocese of Ohio holds a 100% beneficial interest in all properties under Trinity, Findlay's title. The diocese itself holds this interest in trust for the Protestant Episcopal Church in the United States of America. The bishop's letter is being sent at the request of our Diocesan Chancellor and Canon to the Ordinary, Mr. William Powel-chief legal counsel for the Diocese-and Assistant Chancellor, Ms. Amy Kellogg, partner in the firm of Baker and Hostetler. I have been in regular contact with both of these diocesan attorneys over the last several weeks, and they are thus well acquainted with the situation in Findlay.

In addition to informing you of the forthcoming letter from the Bishop, I want to make you aware of several issues that are of concern to the diocesan attorneys as well as to my parishioners and myself. We do not want to be obstructionist, but we do insist on due diligence with respect to the issues we have raised both at city council meetings and in email communications with council members.

Issues of concern:

- (1) Compliance with Ohio Revised Code 723.121, concerning the conveyance of "lands not needed for municipal purposes," which requires the City Council to make and enter into the minutes a formal determination that the property is no longer needed before it may be conveyed. We believe the City Council must take such action with respect to the city parking lot before it may take action on Ordinance 2020-027.
- (2) Compliance with City of Findlay Codified Ordinances Chapter 147, which legally requires the municipal parking authority to make quarterly reports to City Council on parking needs and parking lot use. After making a public records request for recent City of Findlay Parking Authority reports, we were informed that the parking authority has not met since 2011, and thus there were no quarterly reports. We believe the City Council needs a report from the parking authority assessing the need for the parking lot before it can make a determination that the parking lot is not needed.
- (3) Compliance with the restrictions on the deed which donated the property to the City and which require the City of Findlay to offer the successor or assigns of Kirk Realty a repurchase option of the lot at \$13,500 before the city may legally alienate it. I have fielded a number of calls over the last several days from concerned local realtors (none of whom are my parishioners) who have offered to help pay for advertisements to try to track down any individiual/s/corporations that may have recourse to this legal right and may have standing should they decide either to claim it or, ominously, to bring suit against the City should they not be given explicit, public notice.

- (4) Compliance with ORC 121.22, namely that the Ordinance being left off the publicly available agenda for the meeting where it received its first reading, might render that first reading out of order under the Ohio Open Meetings Act. We in the parish now know that this was an oversight, and we commend Councilman Russel for his apology at the last meeting. We cannot, however, keep our diocesan attorneys from bringing this up should they choose to do so.
- (5) The need for formal recognition of an alley on the east side of the Trinity, Findlay building, between the church property and the existing parking lot. We believe this requires a new city ordinance. We ask that the City Council take action on the creation of the alley before any conveyance of the parking lot.
- (6) The need for written assurance, binding on the Blanchard Valley Port Authority or the ultimate private developer, stipulating church access to parking for Sunday services, and other church events, such as weddings or funerals on other days of the week. We ask the City Council to include such a stipulation in any agreement to convey the property.
- (7) The need for written assurance, binding on the Blanchard Valley Port Authority or the ultimate private developer, promising that the east side of our facilities will be cleaned and, if necessary, repaired, after any construction in the parking lot. We ask the City Council to include such a stipulation in any agreement to convey the property.

We hope to be able to resolve these issues without resort to litigation.

I have copied the mayor and city attorney law director to apprise them of this situation.

Yours, The Rev'd John Drymon Rector of Trinity, Findlay

Licensed in Ohlo and Indiana

District, in which they are permitted uses. See Section 1124.02 of the Findlay Codified Ordinances.) Thus, I have no concerns about making duplexes and triplexes conditional uses in the R-3 District.

As duplexes and triplexes are not currently permitted in R-1, R-2 and R-3 Districts, any existing duplexes/triplexes, to be legal, must be nonconforming uses. See Chapter 1162 of Findlay Codified Ordinances. Generally speaking, a conditional use permit is a preferred use to a nonconforming use because once a landowner has a conditional use permit, that use is permitted subject to its express conditions. See Sections 1161.15 and 1151.151 of the Findlay Codified Ordinances.

The basic law for nonconforming uses has been well-established for decades:

Nonconforming uses, like common-law marriages, are not favorites of the law. The reason for their disfavored position is clear: if the segregation of buildings and uses, which is the function of zoning, is valid because of the beneficial results which this brings to the community, to the extent this segregation is not carried out, the value of zoning is diminished and the public is thereby harmed. Nonconforming uses are allowed to exist merely because of the harshness of and the constitutional prohibition against the immediate termination of a use which was legal when the zoning ordinance was enacted. Young, The Regulation and Removal of Nonconforming Uses (1961), 12 Western Res.L.Rev. 681, 686 (hereinafter "Young"). The rights of a nonconforming user are limited, and the clear intent and purpose is to eliminate such nonconforming uses as rapidly as possible. See *Curtiss v. Cleveland*, *supra*, 170 Ohio St. at 130–131, 10 O.O.2d at 87, 163 N.E.2d at 685.

City of Kettering v. Lamar Outdoor Advert., Inc., 38 Ohio App. 3d 16, 18, 525 N.E.2d 836, 839 (1987). See, also Ledford v, Bd. of Zoning Appeals, 171 Ohio App.3d 24, 32. Nonconforming uses "may be regulated, and even girded to the point that they wither and die." City of Columbus v. Union Cemetery Assn., 45 Ohio St.2d 47, 49 (1976).

Thus, based on the foregoing limitations on nonconforming uses, and the significant power cities have to regulate and eliminate them, it is a benefit to any existing duplex/triplex owner to have the zoning designation changed to allow duplexes and triplexes as conditional uses.

Some concerns have been raised suggesting that there may be civil rights issues regarding zoning Ordinance 2020-026 and the proposed zoning map amendment. It is unclear how allowing duplexes/triplexes as conditional uses, rather than nonconforming uses, raises a constitutional concern, either under the U.S. or Ohio Constitutions. Zoning has been approved repeatedly by the U.S. Supreme Court and the Ohio Supreme Court. See *Village of Euclid v. Amber Realty*, (1926), 272 U.S. 365, 395 (a landowner must prove that the zoning regulation was "clearly arbitrary and unreasonable, having no substantial relation to the public health, safety, morals or general welfare.") and *Goldberg Cos. v. Richmond Hts.* (1998), 81 Ohio St.3d 207, 210. Moreover, the burden is on the landowner to demonstrate a constitutional claim "beyond fair debate," which is similar to the "beyond reasonable doubt standard" in criminal cases. *Goldberg*, 81

Mayor Christina M. Muryn City of Findlay 318 Dorney Plaza, Room 310 Findlay, Ohio 45840

Donald J. Rasmussen, Law Director City of Findlay 318 Dorney Plaza – Room 310 Findlay, Ohio 45840

Re: Zoning Amendments Regarding Duplexes and Triplexes

Dear Mayor Muryn and Mr. Rasmussen:

I have prepared this letter in response to your request for my legal opinion regarding the legality of the proposed amendments to the Findlay Zoning Code regarding duplexes and triplexes. In short, I have no concerns regarding the legality of the proposed text amendment and the proposed map amendment.

By way of background, I have been practicing in the area of local government litigation, zoning and land use, and constitutional law for the past fifteen years. My experience includes presenting to the Ohio Township Association and the Ohio Planning Association on multiple occasions. I have represented both local governments and private entities in zoning matters, so I believe I am capable of viewing land use issues from both the governmental and private perspective.

I have been performing legal work for the City of Findlay since 2017 on a variety of zoning-related matters, which has involved extensive consultation with Matt Cordonnier, Director of the Hancock Regional Planning Commission and Don Rasmussen, the City Law Director. Indeed, I met with them in October and November of 2019 and provided input on the legal issues raised by duplexes and triplexes and the City. I have reviewed the proposed changes, in Ordinance No. 2020-026 and the proposed map amendment, and offer the following opinions.

First, the ordinance changes the setbacks for new construction in R-1, R-2 and R-3. These are designed to make the front yard setbacks for new construction harmonious with the adjacent lots. This is an appropriate and standard land use planning device that has no legal problems.

The proposed ordinance makes duplexes and triplexes conditional uses in the R-3 District. This change does not prohibit duplexes or triplexes in any district in which they are permitted. (Under current law, the only district in which duplexes and triplexes are permitted, either as of right or conditionally, is the R-4

JEFFREY M. STOPAR | ATTORNEY stopar@semrohenry.com

Licensed in Ohlo and Indiana

Ohio St.3d at 213; and Cent. Motors Corp. v. Pepper Pike, 73 Ohio St.3d 81, 584 (1995). In sum, neither the proposed text nor map amendments give rise to a viable constitutional claim.

Moreover, to the extent that an owner of a duplex/triplex wants to continue as a nonconforming use, rather than a conditional use, it should be remembered that the burden is on the property owner to show that there is a valid nonconforming use of the property. See *Barnes v. Koon*, 5th Dist. No. 08-CA-14, 2009-Ohio-277, at ¶ 17, citing *Dublin v. Finkes*, 83 Ohio App.3d 687, 690 (1983); and *State ex rel. Bailey v. Madison*, 10th Dist. No. 12AP-284, 2012-Ohio-4950, at ¶ 15, citing *State v. Teachout*, 11th Dist. No. 2004-T-0129, 2005-Ohio-05119, at ¶ 13. Thus, once the City's records demonstrate that no duplex/triplex was lawfully established on a specific zoning lot, then that owner would be at risk for future enforcement for an unlawful use. The City, however, should be receptive to any valid documentation that would establish a valid nonconforming use.

Finally, it should be noted that, in my experience at an attorney practicing in land use and eminent domain law, I have relied on appraisers in both administrative and court proceedings. Based on those discussions, from a valuation standpoint, once a property has received a permit as a permitted use or a conditionally permitted use, that permit is far preferable to a nonconforming use because of the limitations placed on expanding or remodeling a nonconforming use. Thus, based on my land use litigation experience, when the highest and best use of a lot is a duplex/triplex, an approved conditional use generally enhances value more than a nonconforming use.

Based on the foregoing, the proposed zoning text and map amendments do not raise any legal concerns.

Very truly yours,

SEMRO HENRY & BARGA LTD.

Mme. Mayor, thank you for your time on the phone this afternoon. Pursuant to our conversation, and the conversations the three partners have had together, as well as with our finance and realestate network, we request the tabling of Ordinance # 2020-027 (sale of city owned parking lot).

As I noted in our conversation, our Nation is in pandemic crisis and the tenuous economic conditions at hand and in the near future could be grim. Well over 100 conversations with bankers, lenders, and private investors were had over the past week. Most all indicated a stoppage of investment in new projects and several noted they were cutting realestate valuations by 30% across the board – both on properties they had already invested in, and across the US market in general.

Therefore, it is imprudent for us to invest in the city lot at this time, however consider us first in line when this situation begins to clear up. We pledge to keep you updated and we appreciate you and the Economic Development team doing the same.

Please let us know if you have any questions.

Kind regards, Elvis

OWNERSHIP DISCLOSURE INFORMATION

This online service will allow you to obtain ownership disclosure information for issued and pending retail liquor permit entities within the State of Ohio.

Searching Instructions

Enter the known information and click the "Search" button. For best results, search only ONE criteria at a time. If you try to put too much information and it does not match exactly, the search will return a message "No records to display".

The information is sorted based on the Permit Number in ascending order.

To do another search, click the "Reset" button.

Minutes

MEMBERS PRESENT: Pat Ball

Jeff Fort

Hardy Hartzell Brian Hirt Brad Wagner

MEMBERS ABSENT: Josette Brinkman

Tim Mayle Sharon Rooney

STAFF ATTENDING: Matt Cordonnier, HRPC Director

<u>CALL TO ORDER</u>

ROLL CALL

The following members were present:

Pat Ball Jeff Fort

Hardy Hartzell Brian Hirt Brad Wagner

Matt Cordonnier opened the meeting by stating there currently were no items on the agenda for the board to address. The bylaws state that we should not go too long between meetings, so we wanted to get the group back together. On the agenda, we wanted to recap 2019, introduce a new board member, and address any ongoing cases.

CA-18-2019, 408 S. Main Street, is the first case that we were reviewing since it is nearing completion. This building is the Gaslight Building which used to house the Ben Franklin store amongst other businesses. It had been vacant, so the owner submitted an application to update the façade of the building as they renovated the interior. Façade work has been completed and only interior work remains. The ground floor of the building will have Baker's Café and a bank.

CA-19-2019, located at 407 S. Main Street, was another applicant that has completed the first phase of their project. This is the Bistro on Main restaurant. Matt commented that this was the most discussed application so far for the board. The applicant originally wanted to paint the entire façade black. Some Board members were concerned that the black paint on the entire façade would look out of place in the district. Painting building facades entirely black is not recommended in the Design Review Board Guidelines document. The guidelines also list some colors that look similar to black, as acceptable colors though. These suggestions led to some confusion about whether the design was appropriate. The decision the Board and applicant reached was that only the first floor would be painted black. If the applicant wanted to pursue painting the second story black in the future, she could turn in a new application for the board to review.

GT Wheels and the Lamp Doctor were both brought before the Board for maintenance violations in 2019. HRPC has sent a letter to the owners asking them to complete the improvements by June 1st, 2020. The Lamp Doctor owner has been in contact every few weeks to discuss the situation. They had issues with the contractor they selected and they ended up trying to find a new contractor. GT Wheels has been less communicative, but they have submitted the plans for their updates. Hopefully, they will be addressing their issues in the spring, otherwise the Board will need to revisit their cases.

Lanagan Construction had been doing some maintenance to the building at 413 S. Main Street. There had been broken glass in the storefront windows, which needed to be removed. They also removed the canopy over the entrance, which had become an issue. Over the façade, they have constructed a temporary façade to enclose the space, so they can do interior improvements. This was a case where we worked with the contractor to get them to paint the plywood to improve the aesthetic. There have been a few projects further north on Main Street that have also used temporary façade. Those two have used the plastic wrap to help insulation during the winter. In the winter, this is more acceptable.

Protech Rental Properties, located at 332 W. Main Cross Street, did some improvements to their façade. The original awning was torn during a wind storm, so we reached out to them. They removed the awning and took down the awning structure. A few months later, they went further and painted the façade of the building white with black trim to improve the aesthetic. We think that reaching out to the owner about the awning sparked them to make further improvements to the building.

This next project was 222 S. Main Street. We reached out to the owner, Daniel Claes, because of some broken glass. During our conversation, we learned that he was planning work to update the façade. At the moment, he has approval to replace the glass, but will come back with further design improvements.

Findlay Brewing Company has submitted an application for a decorative arch for their beer garden. The design was deemed to be an administrative approval.

The Davis-Cole Building, located at 209 S. Main Street, went through design review board for the façade improvements, but the tenant has come back to get approval for their awning. They will use the awning to advertise the tenant, Waterford Bank. This was approved administratively.

That concluded the discussion of cases that had been administratively approved since the last meeting. Matt provided the group the entire list of cases that have come before the Design Review Board for their review.

Matt reminded the group that if anyone on the board sees any work being done within the district, it greatly helps us at HRPC to know what is going on in the district and keep up-to-date on what is being improved in the district. Matt says Jake will provide more communication with the Board so that they can have the minutes, cases reviewed, and any upcoming agenda items for their review about one week before the meeting.

The Board also requested that there be an updated list of everyone on the board, and what the term limits are for each member. Matt reminded the group that the appointments are staggered so that we don't have to renew every Board member at the same time.

The meeting ended with Matt reminding the group the next scheduled meeting will be March 11th at 6pm.

RE:

2020 CUBE Parking Lot Repairs (31900300)

Dear Council Members:

By authorization of Ordinance 2020-006, a bid opening was held for the above-referenced project on February 19, 2020. Bids were received from six (6) potential contractors with the base bid amounts ranging from \$108,892.45 to 123,730.75. The lowest and best bid was received from M&B Asphalt Co. Inc. of Tiffin, Ohio.

This project is included in the 2020 Capital Improvements Plan with an estimated cost of \$150,000. Previously, an amount of \$1,000 was appropriated to the project. At this time, an appropriation for construction, inspection and contingency is needed to complete the project.

By copy of this letter, the Law Director is requested to prepare the necessary legislation to appropriate and transfer funds as follows:

From: CIT Fund - Capital Improvements Restricted Account

\$ 132,000

To:

2020 CUBE Parking Lot Repairs (31900300)

\$ 132,000

If you have any questions, please feel free to contact me.

Sincerely,

Brian Thomas

County Road 180 Drainage Plan (35594100) RE:

Dear Council Members:

As a refresher, this is a County project. The purpose of the project is to install an additional storm sewer that will run along County Road 180, cross State Route 568 and outlet into the Blanchard River. This will reduce the stormwater that crosses State Route 568 and County Road 180 so that those roadways will be able to remain open during larger flood events. Per the Memorandum of Understanding that was signed, the City is responsible for bidding the project and providing inspection during construction while the County will pay all design and construction costs. We have received a check from the County Commissioners for the construction costs and now the funds need to be moved into the project so that engineering can get contracts signed and the project started.

By copy of this letter, the Law Director is requested to prepare the necessary legislation to transfer funds as follows:

FROM: Hancock County Commissioners

\$89,916

TO: County Road 180 Drainage Plan (35594100)

\$89,916

If you have any questions, please feel free to contact me.

Sincerely

Brian Thomas

Susan Jo Hite Treasurer

Board of Zoning Appeals November 14, 2019

Members present: Chairman, Phil Rooney; Blaine Wells; Brett Gies; David Russell and Sarah Gillespie.

Mr. Rooney called the meeting to order at 6:00 p.m.; introduced the members to the audience and the general rules were reviewed.

The following was introduced by Mr. Adkins:

Case Number: 59070-BA-19 Address: 210 Osborn Avenue

Zone: R-1 - Single Family, Low Density

Filed by Lonnie Eaton, regarding a variance from section 1161.01.1(D)(2) of the City of Findlay Zoning Ordinance in regards to rear yard setback at 210 Osborn Avenue. The applicant has erected a new 10×12 shed, which was built approximately 4-feet from the rear property line. This section requires a 5-foot setback.

After going through all the proper steps, the owner ended up building the northeastern corner of the shed approximately four feet from the property line and over five feet at the southwestern corner of the shed. Typically, a standard shed is prefabricated and brought onto the property, however, this shed was built onsite and anchored into the ground permanently due to the parcel being located in the floodplain.

Being that there are multiple structures in the area that sit closer to rear property lines than this one, if granted a variance, this structure will not be out of harmony.

Mr. Lonnie Eaton was sworn in and spoke (inaudible).

Mr. Inbody stated a phone call was received by Mr. Richard Zunkiewicz, a partner of Facilita LTD, which owns a rental that abuts the rear of the property at 201 Eastowne Park Row, called and stated that he was in favor of the 1-foot variance and has no objections to it.

Mr. Wells made a motion to approve the requested variance and to get required permits within 60 days.

Mr. Russell seconded the motion.

Motion to approve the request for variance, 5-0.

The following was introduced by Mr. Adkins:

Case Numbers: 59118-BA-19 Address: 310 Northgate Court

Zone: R-1 – Single Family, Low Density

Filed by Charles Shindeldecker, regarding a variance from section 1161.01.1(C)(2) of the City of Findlay Zoning Ordinance in regards to maximum accessory structure area allowed on a site at 310 Northgate

Court. The applicant is proposing to replace a 12×14 non-conforming structure with an 8×12.5 non-conforming structure. The maximum allowed area has been exceeded on the parcel. This section allows for a maximum of 900-square feet of accessory structure area.

This kind of request usually comes forward whenever a homeowner wants to add an accessory structure to a property that has already exceeded the allowable amount. In this case, the owner is looking to replace a structure that is dilapidated with a building that has a smaller footprint, but still exceeding the allowable amount by approximately 600-square feet.

Being that the owner is replacing the old with one that is smaller, the city would be for the variance for the replacement of a non-conforming structure with a new one if granted.

Mr. Shindeldecker was sworn in and spoke (inaubible).

Mr. Adkins stated there are no communications on this case.

Mr. Wells made a motion to approve the variance as requested due to it being a new building replacing an old one.

Mr. Russell seconded the motion.

Mr. Wells added to pick up permit within 60 days.

Motion to approve the request for variance, with getting the required permits within 60 days, 5-0.

Minutes for August 08, 2019 Board of Zoning Appeals meeting approved.

Minutes for October 10, 2019 Board of Zoning Appeals meeting approved.

The meeting was adjourned.

Chairman

Secretary

Office of the Mayor

Christina M. Muryn

RE:

Olive Street Waterline Replacement #35793300

Dear Council Members:

A bid opening was held for the above-referenced project on March 4, 2020. Bids were received from two (2) potential contractors with bid amounts ranging from \$421,000.00 to \$430,826.10. The lowest and best bid was received from Helms and Sons Excavating, LLC. of Findlay, Ohio.

The project is included in the 2020 Capital Improvements Plan. At this time, an appropriation for construction, inspection and a contingency is needed to complete the project.

By copy of this letter, the Law Director is requested to prepare the necessary legislation to accept the bid results, authorize the Service Director to enter into a contract or contracts and appropriate funds as follows:

FROM:

Water Fund

\$420,145

RE:

Sixth Street Waterline Replacement #35795300

Dear Council Members:

By authorization of Ordinance No. 2020-006, a bid opening was held for the above-referenced project on March 11, 2020. Bids were received from four (4) potential contractors with bid amounts ranging from \$477,982.50 to \$543,465.10. The lowest and best bid was received from JDR Excavating, Inc. of Findlay, Ohio.

The project is included in the 2020 Capital Improvements Plan. The bid price is slightly higher than what is listed in the Capital Plan. It was decided that since the project would require a bore under the railroad, it made sense to install a larger line for the bore. This will eliminate the need for any additional bores in the future when the Water department wants to extend a larger line from Blanchard Street to serve the area west of the railroad. The cost of the actual railroad permit for the waterline boring also came in higher than expected (\$19,350).

Previously, an amount of \$1,000 was appropriated to the project for design and startup. At this time, an appropriation for construction, inspection and a contingency is needed to complete the project.

By copy of this letter, the Law Director is requested to prepare the necessary legislation to appropriate funds as follows:

FROM: W

Water Fund

\$554,430

TO:

Sixth Street Waterline Replacement

Project No. 35795300

\$554,430

ROLL CALL

The following members were present:

Mayor Christina Muryn

Dan Clinger

Jackie Schroeder

Brian Thomas

Dan DeArment

SWEARING IN

All those planning to give testimony were sworn in by Judy Scrimshaw.

APPROVAL OF MINUTES

Dan Clinger made a motion to approve the minutes of the February 13, 2020 meeting. Jackie Schroeder seconded. Motion carried 5-0-0.

NEW ITEMS

1. PETITION FOR ZONING AMENDMENT #ZA-03-2020 filed by BFB Properties LLC to rezone 229 Howard Street from R-2 Single Family Medium Density to R-4 Duplex/Triplex.

CPC STAFF

General Information

This request is located at the southeast corner of Howard Street and Franklin Avenue. The lot is zoned R-2 Single Family Medium Density. Property to the south is also zoned R-2, to the east and north is zoned O-1 Institutions and Offices and to the west is zoned R-3 Single Family High Density. The entire area is also within the University Overlay. It is not located within the 100-year flood plain. The City of Findlay Land Use Plan designates the area as Single Family Small Lot.

Parcel History

None

Staff Analysis

The applicant has demolished the existing house and wishes to construct a new duplex at the location.

The neighborhood is a mix of University properties, single family homes, and duplexes. This property is also in the University Overlay district. That district has the potential to become university related uses at some point. There were two properties on the west side of Franklin Avenue that were rezoned to R-4 in 2018. One is a vacant lot that the owner stated he would like to build on and one was a former duplex that had gone to single family and the owner wanted to convert back to a duplex.

The zoning map update is proposing the R-4 zoning for this property. The applicant would like to move forward in this construction season rather than wait for the adoption of the new map. He is planning on beginning construction with full knowledge that if this rezoning does not get approved, he will only be allowed to have a single family residence. Mr. Brogan has torn down other dilapidated dwellings in the university neighborhood and replaced with new duplex units over the last couple of years.

Staff Recommendation

CPC Staff recommends that FCPC recommend approval to Findlay City Council of PETITION FOR ZONING AMENDMENT #ZA-03-2020 filed by BFB Properties LLC to rezone 229 Howard Street from R-2 Single Family Medium Density to R-4 Duplex/Triplex.

ENGINEERING

No comment.

FIRE PREVENTION

No comment.

RECOMMENDATION

Staff recommends that FCPC recommend approval to Findlay City Council of PETITION FOR ZONING AMENDMENT #ZA-03-2020 filed by BFB Properties LLC to rezone 229 Howard Street from R-2 Single Family Medium Density to R-4 Duplex/Triplex.

DISCUSSION

Judy Scrimshaw stated that she had placed a copy of an email she received at each member's seat before the meeting. It is from the property owner of the home directly south of this parcel. He is not in favor of the rezoning. Ms. Scrimshaw noted that the street has multiple properties on it that are currently duplexes or triplexes. The directly west of the request on the other corner of Franklin and Howard Street is a triplex and there is a duplex directly south of that. She noted that the writer of the letter does not live on the property. He uses it as a rental.

Brad Brogan stated that he purchased the property knowing that it would be a demo house. He wants to rezone to construct a duplex similar to ones on Davis and Fox Street. He does not have finalized plans yet but it will be a similar look and style. (Mr. Cordonnier displayed photos of some prior builds done by Mr. Brogan)

Dan Clinger asked what the parking requirements are for the site. Mr. Cordonnier replied that a duplex requires four parking spots. Mr. Clinger commented that the site is pretty small and he doesn't know how he can get four spots there. Mr. Brogan replied that he has plans to use the existing foundation. He left that in place. He won't be adding anything to the former footprint. He has 50' on the east side of the property where he could add angled spaces and meet the requirement. Mr. Cordonnier commented that if he cannot meet the parking requirement, then he cannot have a duplex. Dan Clinger asked what the setbacks for parking are here. Erik Adkins replied that the front is 10' and the sides don't matter.

Mayor Muryn stated that she understands the concern of the neighbor that emailed, but she feels it is fair request.

MOTION

Christina Muryn made a motion to recommend approval to Findlay City Council of PETITION FOR ZONING AMENDMENT #ZA-03-2020 filed by BFB Properties LLC to rezone 229 Howard Street from R-2 Single Family Medium Density to R-4 Duplex/Triplex.

2nd: Dan DeArment

<u>VOTE:</u> Yay (5) Nay (0) Abstain (0)

2. APPLICATION FOR SITE PLAN REVIEW #SP-02-2020 filed by Hancock County Agricultural Society, 1017 E Sandusky Street, Findlay for a proposed stone parking area.

CPC STAFF

General Information

This request is located on the south side of E Sandusky Street. It is currently zoned P-O Park and Open Space. Parcels to the south, east and west are zoned R-2 Single Family Medium Density. To the north is zoned R-1 Single Family Low Density. It is located within the 100-year flood plain. The City Land Use Plan designates the site as PRD Planned Residential Development.

Parcel History

The most recent review for the Fairgrounds property was for a Junior Fair building which CPC approved in August, 2019.

Staff Analysis

The applicant is proposing to add stone to a portion of a grass parking lot at the north end of the Fairgrounds property. There is currently stone parking to the west of the proposed area.

Parking lots are normally required to be paved in every zoning district except as storage area in Industrial zoning. There is a clause in the Zoning Ordinance (1161.11.1 D) that allows Planning Commission to permit the expansion of an existing gravel, rock or stone parking area after their review and subject to any conditions they may require.

The applicant's engineer has stated that the stone will still permit some of the water to infiltrate into the ground rather than the runoff from pavement. The plans indicate some existing perforated underdrains in the lot.

Staff Recommendation

CPC Staff recommends approval of APPLICATION FOR SITE PLAN REVIEW #SP-02-2020 filed by Hancock County Agricultural Society, 1017 E Sandusky Street, Findlay for a proposed stone parking area.

ENGINEERING

Access -

Will be from a private drive that is located within the Hancock County Fairgrounds.

Sanitary Sewer -

No sanitary sewer is proposed.

Waterline -

No water line work is proposed.

Stormwater Management -

Detention calculations have been submitted with the plans. Detention will be provided by the onsite widening of Lye Creek and other flood mitigation projects.

MS4 Requirements -

The amount of erodible material that will be disturbed will be less than one acre so the site is will not be required to comply with the City of Findlay's Erosion & Sediment Control Ordinance.

Recommendations:

• Approval of the Site Plan

FIRE PREVENTION

No Comment

RECOMMENDATION

Staff recommends approval of APPLICATION FOR SITE PLAN REVIEW #SP-02-2020 filed by Hancock County Agricultural Society, 1017 E Sandusky Street, Findlay for a proposed stone parking area.

DISCUSSION

Dan Clinger said he did not think there were any catch basins connected to that perforated drain on the site. Dan Stone stated that there is a natural low spot running east/west. They put the perforated tile there, it hits the catch basin and goes south through the existing storm system, through the fairgrounds and to Lye Creek.

Mr. Stone explained that they are taking out the grass and putting stone in to keep it at the same elevation. Mr. DeArment asked how much stone. Mr. Stone replied that it is roughly about a foot. The dirt must be taken off and go outside the flood plain.

Mr. Stone commented that when the event center went in, they did the widening along Lye Creek. This allowed additional capacity knowing that the fairgrounds had plans for more improvements.

MOTION

Dan DeArment made a motion to approve APPLICATION FOR SITE PLAN REVIEW #SP-02-2020 filed by Hancock County Agricultural Society, 1017 E Sandusky Street, Findlay for a proposed stone parking area.

VOTE: Yay (5) Nay (0) Abstain (0)

3. APPLICATION FOR SITE PLAN REVIEW #SP-03-2020 filed by Quality Lines Inc., 2440 Bright Road, Findlay for four (4) 40' x 320' storage unit buildings and a 100' x 140' storage and maintenance building for the utility company's trucks.

CPC STAFF

General Information

This site is located on the west side of Bright Road and the south side of Production Drive. It is zoned I-1 Light Industrial. Land to the north and west of the parcel is also zoned I-1. To the south and east is zoned C-2 General Commercial. It is not within the 100 year flood plain. The Land Use Plan designates the area as Regional Commercial.

Parcel History

This is currently the site of Quality Lines, Inc. In April, 2016 the applicant filed a plan for storage units. These were never built and the plan has expired.

Staff Analysis

The applicant is proposing to construct 4 storage unit buildings. Each will be 40' x 320'in size. This is the same as the proposal from 2016.

The buildings meet all the required setbacks for I-1. The driving and parking areas are all paved.

There is a landscaping/screening plan attached that is the same as the one submitted back in 2016. The applicant can probably cut back on some of this. In 2016 the lot directly west was zoned C-2 General Commercial. That property was rezoned to Industrial since then. The screening is not required between industrial uses. The west line would not be required to have the screening as shown.

The applicant also proposes a new 100' x 140' company storage and maintenance building on the north side of the parcel. This will replace a small (40 x 23) metal building currently located there.

The first floor of the building will mostly consist of open area for truck storage and maintenance. There are offices, a training room and restrooms in the southeast corner on the first floor. A second floor showed another large office and restroom and open storage area.

The only issue is the location of the building in relation to the north property line. Since Production Drive was installed, it now is another front yard. The I-1 district requires a building to be setback 50' from a roadway. They propose to set the building just slightly over 10' from the north property line. They have applied to BZA for a variance and the case is scheduled for March 12 at 6:00 p.m.

A drive opening is proposed to Production Drive at the northwest corner of the parcel. Access is currently only from Bright Road through Lot 1. They will maintain the right to that access as well.

Staff Recommendation

CPC Staff recommends approval of APPLICATION FOR SITE PLAN REVIEW #SP-03-2020 filed by Quality Lines Inc. for four (4) 40' x 320' storage unit buildings and a 100' x 140' storage and maintenance building subject to the following conditions:

• BZA approval of a variance for the front setback of the Maintenance Building

ENGINEERING

Access -

A new drive is being proposed to come off of Production Drive with heavy duty asphalt.

Sanitary Sewer -

There is no sanitary sewer proposed on the plans, but the building drawings show bathroom facilities within the new building. Where will the sanitary sewer be placed and tied into?

Waterline -

There is no water line proposed on the plans, but the building drawings show bathroom facilities within the new building. Where will the water service come from, and if a new tap is needed what size is required.

Stormwater Management -

Detention calculations have been submitted with the plans. The detention will be provided by the regional detention facility located on the south end of the development. Water Quality will be provide onsite.

MS4 Requirements -

The amount of erodible material that will be disturbed will be more than one acre so the site will be required to comply with the City of Findlay's Erosion & Sediment Control Ordinance. A SWPPP plan has been submitted with the plans.

Recommendations:

• Conditional Approval of the Site Plan with more information given on the sanitary sewer and water service for the proposed building.

Following Permits are Needed Before Construction Can Start:

Waterline Service Connections (If new service)Sanitary Sewer Taps (If new tap)Storm Sewer PermitCurb Cut/ Drive Permit (63 LF)
1 total
1 total

FIRE PREVENTION

Maintain sufficient turn radius for fire apparatus throughout the site.

RECOMMENDATION

Staff recommends approval of APPLICATION FOR SITE PLAN REVIEW #SP-03-2020 filed by Quality Lines Inc. for four (4) 40' x 320' storage unit buildings and a 100' x 140' storage and maintenance building subject to the following conditions:

- BZA approval of a variance for the front setback of the Maintenance Building (CPC STAFF)
- Provide information on water and sewer connections to the Maintenance Building (ENG)

DISCUSSION

Jeremy Kalb asked where the water line and sanitary would come from to service the maintenance/office building. Dan Stone replied that the sanitary will come from the existing building. He said the waterline will run off of Production Drive. He stated that he doesn't think it needs to be sprinkled so it will be a typical ³/₄" or 1" line.

Dan Clinger asked if the storage unit layout is the same as what was approved in 2016. Mr. Stone replied yes. Mr. Clinger asked if the property will be fenced and have a controlled gate. The applicant replied yes.

Mr. Clinger stated that he had a problem with giving a variance to allow the maintenance building to only be 10' from the property line. He felt is that is allowed, what would be the argument for another person to want the same. He stated that if this is considered a side yard, the setback is 30' and he can go along with that. Mayor Muryn stated that that will be the discussion at BZA tonight.

Dan DeArment asked if our recommendation goes to the BZA. Erik Adkins replied that it will be put in to the discussion. Mr. DeArment said he agreed with Mr. Clinger. Mr. Clinger commented that he realizes this may subject the storage units to some modifications but he thinks there is enough property there that it could adhere to the setbacks more appropriately.

Ron Smith commented that when he applied in 2016, Production Drive was not there. He stated that in the original plans Production Drive was to go through to Crystal Avenue. Currently it is a dead end. The only people using that are himself, the land to the west and to the north. It is not a throughway for open public driving. Mr. Smith stated that he has a chain link fence all around the property that is exactly where he wants to locate this building. He also stated that he cannot reposition the storage buildings without losing up to 60% of the units he is proposing.

Mr. DeArment responded that the building could be moved south and make it more rectangular. He stated that there are a lot of things that could be done. Mr. Smith replied that there may not be enough room between the buildings to maneuver. He stated that his building will block the view of the storage units. Dan Clinger asked what the height of the building is. Mr. Smith replied that it is thirty-two feet high.

Mr. Smith asked if this road should be private, just for the property owners. Judy Scrimshaw replied that it is a dedicated public roadway. Mr. Clinger said it might be able to go through to Crystal sometime. Mr. Smith noted that the buildings to the west would not allow that. Mr. Clinger stated what argument they would have if the property to the west wanted to build a 40' high building only 10' off the road also if he did his that way. Mr. Smith stated that only he and the owner to the north would care.

Dan Clinger reiterated that this is an industrial area. The zoning has certain setbacks for those areas and that is what they must review on. Mr. Smith argued that it is not interfering with anyone else in the City and is a fairly private area because of the dead end. Jackie Schroeder noted that we still have rules that the zoning code has set for them. She stated that it is not that they are unwilling to compromise, but the difference between 50' and 10' is great. She stated that he is seeing a benefit from the use of Production Drive by getting an additional access. Also, in the initial review in 2016 he was not proposing this building at all. Mr. Smith said he understands the rules and setbacks. Those are there to protect the properties around them. He said the owner to the west (Randy Strauch) does not have a problem with it.

Mayor Muryn stated that she is supportive of the project. She understands that he is saying the current owners in the area are okay with this, but as future development occurs and property owners change, we must have consistency. She would also possibly have some safety concerns with a building that close to a roadway.

Dan Clinger asked if we could approve this with our own recommendations for a setback. Mr. Cordonnier said they could approve based on BZA approval of a setback. They can make a verbal recommendation to the BZA on that setback.

Ms. Muryn said she could make a motion to approve and then send the Commission's concerns and recommendation via email to the BZA. Dan DeArment stated that he would only approve it if there is a condition to have a 30' setback. Mr. Cordonnier noted that the BZA could rule tonight for the 10' or any other measurement which would overrule that. Mr. Clinger asked if we can put in a recommendation to the BZA. Ms. Scrimshaw stated that their recommendation would be noted to the BZA via the mayor as she has stated.

MOTION

Christina Muryn made a motion to Table APPLICATION FOR SITE PLAN REVIEW #SP-03-2020 filed by Quality Lines Inc., 2440 Bright Road, Findlay for four (4) 40' x 320' storage unit buildings and a 100' x 140' storage and maintenance building for the utility company's trucks.

2nd: Dan Clinger

Dan Stone asked that if they go to BZA tonight and they approve the 10', they will come back to this body and where will they stand if the Commission is objecting to that. Judy Scrimshaw stated that if the BZA grants it, it is done. They can't overrule their decision when it comes back here. Mr. Cordonnier stated that they could only deny the project for other reasons. Mr. DeArment stated that they don't have any other reasons.

<u>VOTE:</u> Yay (5) Nay (0) Abstain (0)

4. APPLICATION FOR SITE PLAN REVIEW #SP-04-2020 filed by the University of Findlay, 1000 N Main Street, Findlay for a 3,717 square foot addition to the Mazza Gallery at 201 College Street.

CPC STAFF

General Information

This request is located on the south side of the cul-de-sac of College Street. It is zoned O-1 Institutions and Offices in the University Overlay District. The abutting lots are zoned the same. It is not located within the 100-year flood plain. The City of Findlay Land Use Plan designates the area as University.

Parcel History

This is currently the site of Gardner Fine Art Center/Mazza Gallery.

Staff Analysis

The applicant is proposing an addition in the southeast corner of the building. It will be located in an area that is currently landscaped. Because the building is situated in an interior area of the campus, there are no property lines to consider for setbacks. The addition will have no effect on any current parking or create the need for additional parking.

The addition will contain workshop and classroom space for a STEAM (Science Technology Engineering Art & Mathematics) program. The architecture will blend with the style of the current pavilion. It is a single story structure with a height of 14'. The only new signage will be on the side of the building.

Staff Recommendation

CPC Staff recommends approval of APPLICATION FOR SITE PLAN REVIEW #SP-04-2020 filed by the University of Findlay for a 3,717 square foot addition to the Mazza Gallery at 201 College Street.

ENGINEERING

Access -

Will be from an existing building and concrete walkway.

Sanitary Sewer -

The proposed plans show a new sanitary sewer lateral to come off of an existing lateral.

Waterline -

The plans are not proposing any waterline work.

Stormwater Management -

How is the increase in impervious area being handled?

MS4 Requirements -

The amount of erodible material that will be disturbed will be less than one acre so the site is will not be required to comply with the City of Findlay's Erosion & Sediment Control Ordinance.

Recommendations:

Approval of the Site Plan

FIRE PREVENTION

No Comment

RECOMMENDATION

Staff recommends approval of APPLICATION FOR SITE PLAN REVIEW #SP-04-2020 filed by the University of Findlay for a 3,717 square foot addition to the Mazza Gallery at 201 College Street subject to the following conditions:

• Provide Engineering with information on the handling of drainage for new impervious surface

DISCUSSION

Jeremy Kalb asked about the detention area. He stated that they are increasing the impervious area and asked if they could expand on the note in the drawing. Todd Jenkins stated that the increase in runoff is less than .05 cfs. The existing system can handle it. Would like to get with Jeremy to work out the details. Mr. Kalb stated that that is fine.

A representative from the University stated that they are trying to enhance the learning experience of the STEM program with the addition of the Arts. This will be a very positive thing for the community. They are very excited to be bringing this to Findlay. Visitors of all ages will have a memorable experience and they will have a different outcome every time they come.

Ben Sapp, director of the Mazza Museum, stated that this was a collaborative effort. They received a grant from the State and they are working with Findlay City Schools, Hancock County Schools and the University of Findlay.

MOTION

Dan Clinger made a motion to approve APPLICATION FOR SITE PLAN REVIEW #SP-04-2020 filed by the University of Findlay for a 3,717 square foot addition to the Mazza Gallery at 201 College Street subject to the following condition:

• Provide details to Engineering on the handling of the drainage

5. APPLICATION FOR SITE PLAN REVIEW #SP-05-2020 filed by Pennrose Properties, LLC, 1435 Vine Street, Suite 312, Cincinnati OH for a 50 unit apartment building on the south side of Birchaven Lane.

CPC STAFF

General Information

This request is located on the south side of Birchaven Lane. It is zoned M-2 Multiple Family High Density. To the east is also zoned M-2. To the south is zoned C-1 Local Commercial and to the north is zoned O-1 Institutions and Offices. Land to the west is zoned R-1 Single Family. It is not located within the 100-year flood plain. The City of Findlay Land Use Plan designates the area as PMUD (Planned Mixed Use Development)

Parcel History

This parcel was rezoned to M-2 in 2019.

Staff Analysis

The applicant is proposing to construct a senior housing (55 and over) apartment complex. The number of units allowed is calculated at one unit per 3500 square feet of land. 50 units x 3500 = 175,000 square feet or 4.017 acres. The proposed site is 4.019 acres.

The site meets the maximum lot coverage of no more than 40% impervious surface. All minimum setback requirements for the building are exceeded.

Parking in M-2 is based on two spaces per unit plus one space per every five units to accommodate visitor parking. This calculates to 2.2 spaces per unit thus requiring 110 parking spaces for 50 units. The applicants went before BZA in September, 2019 and received a variance to allow them to reduce the parking to 80 spaces for the complex. I only counted 79 parking spaces on the plans. There will need to be one added somewhere. Additionally they were to obtain a shared parking agreement with the Birchaven facility across the street for overflow. There is no agreement attached with the application and plans.

Maximum building height in M-2 is 50'. I measured on the elevation plans and it appears that the peak of the roof is around 53'. Mr. Jenkins replied that they are working on the roof pitch to correct that.

There is no freestanding signage shown on the plan. We at least need the location at this time. The details can be submitted later for the permit with the zoning office.

I could not locate any light poles on the site. We need some details on those if they intend to install any. I would imagine the parking lot would have some particularly at the rear of the property.

Architectural plans show a 3-story building. There is a mix of stone and brick veneers as well as vinyl siding. Floor plans show a mix of one and two bedroom units. There are specific Handicapped units as well as potential Hearing Impaired units. The smallest seems to be approximately 620 square feet. The minimum living area permitted is 500 square feet. Amenities include a laundry on each floor, first floor Community room, Fitness room and Lobby.

Staff Recommendation

CPC Staff recommends approval of APPLICATION FOR SITE PLAN REVIEW #SP-05-2020 filed by Pennrose Properties, LLC for a 50 unit apartment building on the south side of Birchaven Lane subject to the following conditions:

- Submittal of parking agreement with Blanchard Valley Health Association
- Roof height lowered to 50'
- Location of sign shown on site plan
- Submittal and approval of photometric plan

ENGINEERING

Access -

Will be from a new drive coming off of the south side of Birchaven Lane. The new drive will be an 8-inch concrete drive.

Sanitary Sewer -

The proposed plans show a new 8-inch sanitary lateral to connect to an existing manhole on the south side of Birchaven Lane.

Waterline -

The plans are proposing a new water main to be tapped off of the existing 8-inch DIP waterline that is located on the north side of Birchaven Lane. The new 8-inch water line will run south to the end of the proposed site. Along with the mainline tap there will be a domestic service and a fire line that will be ran into the proposed building. There will be one new hydrant added as part of this waterline, which can be purchased from the City of Findlay Water Distribution.

Stormwater Management -

Detention will be provided by the existing detention ponds located to the west of the property. The water quality volume will be provided by the proposed water quality basin as shown on the plans.

MS4 Requirements –

The amount of erodible material that will be disturbed will be more than one acre so the site is required to comply with the City of Findlay's Erosion & Sediment Control Ordinance. A SWPPP plan has been submitted with the plans.

Recommendations:

Approval of the Site Plan

Following Permits are Needed Before Construction Can Start:

Water Main Tap- 1 total

Waterline Service Connections- 2 total

Sanitary Sewer Taps- 1 total

Curb Cut/ Drive Permit (52 LF)- 1 total

Sidewalk Permit (464 LF)- 1 total

FIRE PREVENTION

Maintain sufficient turn radius for fire apparatus throughout the site.

RECOMMENDATION

Staff recommends approval of APPLICATION FOR SITE PLAN REVIEW #SP-05-2020 filed by Pennrose Properties, LLC, for a 50 unit apartment building on the south side of Birchaven Lane subject to the following conditions:

- Submittal of parking agreement with Blanchard Valley Health Association (CPC STAFF)
- Roof height lowered to 50' (CPC STAFF)
- Location of sign shown on site plan (CPC STAFF)
- Submittal and approval of photometric plan (CPC STAFF)

DISCUSSION

Judy Scrimshaw noted that yesterday she received a Memorandum of Understanding (MOU) from BVHA stating that they agree that this parking arrangement will be done. They will not do the actual shared parking agreement until zoning/building permits are acquired.

Ms. Scrimshaw noted that just this morning she received an updated elevation drawing that showed a lowered roof peak. The new height is now 46'-11".

Ms. Scrimshaw stated that yesterday she also received the photometric plan for the site lighting. All the numbers were within the maximum allowed.

Dan DeArment asked what would happen if there were not enough demand for senior housing to fill this complex. Is it restricted to the age group? A representative for the complex stated that there is a land restriction put on the property. They did conduct a market study to determine the volume of demand for the project.

Dan Clinger asked Mr. Jenkins if the swales which are partially outside the property line will act as some detention also. Mr. Jenkins replied that they are for conveyance only. The existing detention pond was designed to handle the entire 22 acres. Their proposed pond will discharge into the existing.

MOTION

Dan DeArment made a motion to approve APPLICATION FOR SITE PLAN REVIEW #SP-05-2020 filed by Pennrose Properties, LLC for a 50 unit apartment building on the south side of Birchaven Lane.

NEWS RELEASE

PRECIPITATION & RESERVOIR LEVELS

Total precipitation recorded at the City of Findlay Water Pollution Control Center was 9.23 inches of rain and 13.2 inches of snow for the first quarter (Jan-Mar) of 2020.

At the end of March, the Findlay reservoirs stood at 88% of capacity. This reservoir level represents a 920 day water supply at the city's current usage rate.

The City of Findlay Water Treatment Plant treated 557.21 million gallons of water in the first quarter of 2020. That is an average of 6.12 million gallons per day.

Thank you,

Jason Phillips
